Room In The Inn
Room In the Inn is a homeless resource center located in downtown Nashville, TN. Participants have access to essential services year-round including emergency services, transitional programs, and personal care services. Staff members and volunteers strive to create community each day through one-on-one and group interactions.

Mission & Values
Mission: “To provide programs that emphasize human development and recovery through education, self-help and work, centered in community and long term support for those who call the streets of Nashville home.”
Core Values: “Through the power of spirituality and the practice of love, we provide hospitality with a respect that offers hope in a community of non-violence.”

Population
Individuals 18+ years old experiencing homelessness in middle Tennessee. Participants at Room In The Inn have a variety of diagnoses and comorbidities including substance abuse and mental health.

Identified Agency Needs
• There is a need for additional programming to the existing Employment and Housing Power Week curriculums in order to facilitate more participants towards employment and permanent housing.
• There is a need for a universal, intake questionnaire that can be used by all staff members with their respective groups in order to identify the needs and wants of participants.

Goals
• Identify gaps in the Employment and Housing Power Weeks through active participation in current programming.
• Establish community with participants and staff members in order to learn about the challenges and needs of the homeless population in Nashville.
• Create questionnaire and additional curriculum to facilitate more participants into next steps.

Deliverables
General Intake Form
SMART Goals Worksheet

Additional Deliverables:
• List of questions appropriate to ask landlord over the phone and at lease signing.
• Housing Conversation Role Play
• Mock Phone Calls
• Resume Template

Takeaways
• There is an immense sense of community amongst the participants and staff at RITI full of respect, kindness and love for one another.
• People experiencing homelessness are humans too and deserve to be treated as equal members of society.
• Recovery includes participation and quality of life, not just elimination of substances.
• Not everyone is seeking permanent shelter.

Acknowledgments
Thank you to Dr. Christine Manville for your support and encouragement establishing this project. Thank you to Quiana Jimerson for mentoring me throughout this project. Thank you to all the staff at Room In The Inn for welcoming and teaching me about your agency. This project would not be possible without your willingness to let me be a part of Room In the Inn.
