THE WARD-BELMONT SCHOOL

HISTORICAL SKETCH

WARD-BELMONT, a junior college for young women, in Nashville, Tennessee, is the outgrowth of the union of Ward Seminary and Belmont College. Ward Seminary was founded in 1865 by Rev. William E. Ward, D.D., and Belmont College in 1890 by Miss Ida E. Hood and Miss Susan L. Heron. In June, 1913, the two schools were united on the former Belmont campus, forming a junior college under the charter name, "The Ward-Belmont School." Ward Seminary had long been recognized as one of the leading preparatory schools in the country; its graduates enjoyed certificate privileges to the leading Eastern colleges. Belmont College also possessed an enviable standing as a boarding school, emphasizing as well as academic work, the fine arts.

NASHVILLE AND ITS ATTRACTIONS

Nashville is well known as an educational and historical center. The chosen location of great universities, professional schools, colleges and preparatory schools, Nashville has established far-famed renown as a center of learning. Ward Seminary and Belmont College, through their earnest service have contributed much to the educational standing of the city. These two schools, together with Vanderbilt University and George Peabody College for Teachers, have given a distinct charm and atmosphere of culture which makes this city an ideal home for students. The presence of colleges and professional schools in Nashville insures the coming of eminent lecturers and artists. Persons of international reputation are frequently present in Nashville. Ward-Belmont students have the advantage of attending all of the leading concerts, plays, and lectures that are available in the city. Many programs are presented in the school auditorium.

As a center of culture, Nashville boasts several interesting examples of architecture. The State Capitol is an excellent example of classic architecture; on its grounds is the tomb of James K. Polk, ninth President of the United States. Located at a central point in the Centennial Park is a facsimile of the Parthenon, true in every detail; on the steps of this beautiful and appropriate building the Ward-Belmont School of Expression recently presented the Electra of Sophocles. One of the newly erected buildings in Nashville is the imposing Tennessee War Memorial Hall with spacious surrounding park and grounds. Within convenient driving
distance is Belle Meade, for many years a celebrated stock farm; that section is now the location of Nashville's most exclusive residential section and Golf Club. The Hermitage, the home and burial place of Andrew Jackson, is twelve miles from Nashville. Not far from the Ward-Belmont campus is the battlefield of Nashville, on which stands a recently erected memorial, the workmanship of Moretti, the Italian artist. Nearby are the scenes of the battles of Stone River and of Franklin.

THE CAMPUS

Ward-Belmont, with an elevation of one hundred feet above the city, stands in the beautiful park formerly the site of Belmont; to both the grounds and the buildings extensive additions have been made. The campus of forty-five acres, a part of which is devoted to athletic fields, is surrounded by one of the best residential sections of Nashville. It is sufficiently removed to give that quiet and seclusion which are conducive to studious habits; yet the railway station, the shopping districts, and the churches of all denominations in the city are easily accessible. In the same part of the city are Vanderbilt University and George Peabody College for Teachers.

CLIMATE AND HEALTH

The bracing atmosphere and temperate climate of Middle Tennessee make Nashville an ideal location for school work. Pupils from more northern states, as well as those from farther south, find here a school unexcelled in physical advantages. The mild weather and the inviting campus encourage outdoor sports and games, which have contributed much toward maintaining the excellent health record of the school.

Ward-Belmont realizes just how much the health of its students depends on physical conditions, and safeguards their health in every possible way. The buildings are sanitary; the drinking water is filtered, sterilized, cooled, and is supplied in hygienic fountains throughout the buildings; trained and experienced nurses have charge of a well-ordered infirmary. A further precaution is the requirement that a certificate of good health be furnished by every resident student.

As nourishing food is the best agent for the most effective physical and mental advancement, especial care is paid to the food. With the regulations regarding meals, sleeping hours, and exercise, much is done to induce an excellent health record. The kitchen and bakery have the latest improvements in steam cooking, gas and electric appliances, and cold storage; the dining halls are commodious and attractive. The menus are supervised by a trained dietitian.

BUILDINGS AND EQUIPMENT

The nucleus of the buildings is the old Acklen residence, an unusual adaptation of Italian architecture. Grouped around this interesting example of the center of an old southern estate are the buildings which have been added at intervals by the school. These buildings are arranged in the shape of a quadrangle with one open side. On the north side of this square are located Fidelity, North Front, South Front, and Founders Halls, with the drawing rooms, the auditorium, and the dining rooms; on the east, three other residence halls—Pembroke Hall, Heron Hall, and Senior Hall; on the south, the Academic Building and the Gymnasium. Other buildings on the campus included in the school plant are the High School Building, the music practice house, the social club buildings, and the heating plant. Buildings adjacent to the campus are utilized for the intermediate school, home economics work and additional music studios. The buildings are handsome and commodious, and are models in their adaptation to school use. They are fitted with the most improved methods of sanitation, heating, lighting, ventilation, and fire escapes.

The Academic Building, in classic colonial architecture, was completed and equipped in 1914. In this building are the large, well-lighted class rooms, the library, the science laboratories, the expression and art studios, and the administration offices. The library, containing over 8,000 volumes, is under the care of experienced librarians, and is open daily except Sunday. The ground floor of this building contains the chemistry, biology, and physiology laboratories and lecture rooms. The offices, library and some of the class rooms occupy the main floor. Above on the second floor are class rooms for literary subjects and musical science; here also is the expression studio, amply adapted for class work, and for the production of plays before a small audience. The third floor is mainly occupied by the art studio and interior decoration rooms. A few class rooms are included on this floor. Most of the high school classes are held in the high school building.

A gymnasium, with every modern improvement, has recently been completed. In style it conforms to that of the Academic Building with which it connects. The ground floor contains bowling alleys, showers, lockers, linen, shampoo, and hair drying rooms.
The main floor constitutes the large gymnasium; it provides two spacious, well-lighted rooms for all forms of gymnastic exercise. The next floor contains the visitors' galleries, a studio for aesthetic dancing, and three small rooms for special classes, board meetings, and trophies. The swimming pool is in a separate building, which connects with the gymnasium.

Separate dormitories are provided for college and high-school students, thus promoting the individual welfare of each department. These residence halls are well furnished and in their arrangements meet every demand of comfortable and refined home life. Pembroke, Senior, and Heron Halls are arranged in suites of two double rooms with connecting bath, or, in some cases, of two single rooms with connecting bath. Other dormitories have either separate double rooms, with ample sanitary appointments and baths on every floor, or bath suites of two double rooms each. Each room is furnished with rugs, dresser, table, chairs, single iron beds, and, with few exceptions, separate closets. All the rooms have outside exposure, with abundant sunlight and fresh air.

Ten well equipped club houses have recently been completed for the ten social clubs for resident students. Each house is prepared for meetings and informal entertaining.

SOCIAL CLUBS

Ten clubs, with a membership of fifty to sixty each, are a pleasant and helpful feature of the social life of the school. Membership in one of these clubs is expected of every resident student. They meet formally once a week for social, literary, or musical programs, and informally at other times for recreation. A spirit of loyalty in the clubs develops in the students the best qualities, mental and moral as well as social.

RELIGIOUS ACTIVITIES

Though no sectarianism is lived or taught, earnest effort is made to stimulate and strengthen the impulse toward Christian life and service. Regular Bible courses form part of the curriculum, and there is an active Young Women's Christian Association, in which members of the faculty cooperate with the students. The association and the school jointly employ a secretary, who directs the activities of the Y. W. C. A. so that the influences of this organization are made vital in the life of the school. Systematic Bible training and mission study, devotional exercises at chapel,

DRESS AND HOUSEHOLD ARTICLES

Extravagance and extremes in dress are firmly discouraged. The administration presents its ideas and regulations for appropriate dress for the Ward-Belmont girl in a dress circular, which will be sent on request to each mother who contemplates sending her daughter to the school.

An abundant supply of table napkins, towels, sheets, pillow-cases, and bedspreads is furnished each student at a reasonable charge for the year.

GOVERNMENT

Discipline in Ward-Belmont is simplified by a modified form of student government, properly safeguarded by faculty cooperation and supervision. This organization consists of (1) a student council, composed of representatives chosen by the students from the High-School as well as the College classes; (2) a faculty committee appointed by the President; and (3) the President.

Full details of the Student Government are given in the Blue Book, which is presented each student on entering.

LECTURES AND ENTERTAINMENTS

Nashville is especially fortunate in securing each year famous lecturers, artists, and entertainers. These performances cover a great variety of subjects. Many of them are free to the student body. The school has a Star Entertainment Course presented to the resident students each year for a nominal sum. During the past year the artists secured by the school made distinct contributions to the cultural advancement of the student body. To give a list of the notable people who have been here in times past would have no other effect than to emphasize the school's interest in securing the very best.

EXCURSIONS

In addition to the lectures and entertainments, the students are given opportunities each year to visit some of the notable places in or near Nashville, such as Chattanooga, which is a beautiful as well as historical spot, Mammoth Cave, and Muscle Shoals, the
site of the gigantic hydro-electric power enterprise. Other excursions are organized, should a sufficient number of students be interested, at times when they do not conflict with the school work. In accordance with the custom of twenty years, a school party spends the summer vacation in Europe under the direction and chaperonage of members of the Ward-Belmont staff.

COURSE OF STUDY IN LIBERAL ARTS

Ward-Belmont, a junior college, accredited by the Association of Colleges and Secondary Schools of the Southern States, offers a junior college course, corresponding to the four years of a preparatory school and the freshman and sophomore years of a standard four-year college. A student who contemplates entering a certain college or university after the completion of this course should advise the Dean in advance regarding her choice, so that the subjects which she takes in Ward-Belmont may be those required by that institution.

In the Liberal Arts Department, Ward-Belmont offers a General Diploma. With certain limitations, work in Music, Art, or Expression may be counted toward graduation.

At the end of the first four years of the course, corresponding to the high-school period, students may receive the High-School Certificate, provided the proper balance has been maintained by the completion of courses prescribed. Those earning this certificate can ordinarily complete requirements for a Ward-Belmont Junior College Diploma in two additional years, or they may be admitted without examination to leading colleges and universities which admit students on certificates, provided in each case the peculiar entrance requirements of the institution considered have been met. For description of courses see pages 21 to 42.

HOME ECONOMICS

Domestic Science and Domestic Art are now regarded as essential in a well-rounded education for women. Responding to this progressive movement, Ward-Belmont maintains a thorough department for the study of the home and its varied problems. With its comprehensive courses, its well-equipped laboratories, and with its able corps of teachers, this department of practical worth holds an established place among the departments of the school. For description of courses see page 42.

SECRETARIAL COURSE

To meet still further the needs of the present time Ward-Belmont is offering special courses in stenography, typewriting, and bookkeeping, thus giving an insight into the practical fundamentals of business. For description of courses see page 46.

PHYSICAL EDUCATION AND PLAYGROUND SUPERVISION

Thorough courses are offered in Physical Education and in Playground Supervision, subjects which are being emphasized today as never before in education. The campus affords opportunity for outdoor games, the gymnasium is so equipped that exercise may be adapted to the individual needs of the pupil, and the swimming pool is modern at every point and free to all students. Trained teachers are in charge of all of the work of this department. The work in Playground Supervision is so planned that the students enjoy the recreation, and at the same time grasp the methods by which directed play may be made to promote health, stimulate the intellect, and lift the moral tone of any community. For description of courses see page 48.

ART

Courses in the Art Department are planned for students who wish either to make a practical application of Art and Design in the commercial world or to obtain a general knowledge of Art and its History. Students are always welcome to the studios. Special exhibitions are prepared or secured from time to time to cultivate a love for the beautiful in color and form. For description of courses see page 52.

EXPRESSION

Courses in Expression are offered which equip students not only to take part in works of Dramatic Art, but also to teach. Public Speaking is offered by this department. In the School of Expression class recitals at frequent intervals afford to the participants splendid opportunity of development, and to the school at large a means of real entertainment. Attractive studies make the work of this department a genuine delight. For description of courses see page 55.
WARD-BELMONT

MUSIC

Ward-Belmont School of Music is proud of its record of achievement. A large musical faculty trained for the individual work is maintained. The purpose of this department is to create and maintain a wholesome and inspiring musical atmosphere, insuring breadth of culture and love and enthusiasm for the work. To this end frequent Music recitals are given. Not only does the work tend to develop an appreciation for the best in Music, but many of its graduates are successfully concertizing or teaching. For description of courses of study see page 57, or write for School of Music catalog.

ADVICE ON CHOICE OF SUBJECTS

It is our desire that the courses of study be clearly understood by parents and prospective pupils. Again, it is important that each pupil's course be carefully planned on the basis of work already completed, and that individual tastes and aims be taken into account. To accomplish these ends, correspondence and personal conference with the Dean are cordially invited. A complete course of study for the ensuing year should be filed in the Dean's office by August 15, or as soon thereafter as possible. Prospective patrons are urged to cooperate with us in working out this course of study. Plans so made can be modified, if it seems desirable to a patron, on the opening days of school; but further changes during the year are usually discouraged. Continuity of effort and the greatest advancement can in this way be secured.

APPLICATION FOR ENROLLMENT

Early application is advised. This application should be made on the school's special blank, which calls for references, and must be accompanied by a physician's certificate as to the health of the applicant. These forms will be sent on request, and no student can be definitely enrolled until they are properly filled out, submitted to the Registrar with the enrollment fee of $25, and formally accepted.

SCHOOL OF LIBERAL ARTS  
JUNIOR COLLEGE DEPARTMENT  

ADMISSION.—Admission to the College Department is based on graduation from an accredited four-year high school or the presentation of 15 acceptable units. For those who apply for the Junior College diploma the following units are prescribed: English, 3; Algebra, 1; Plane Geometry, 1; one foreign language, 2. The remaining 8 may include any unit offered by an accredited four-year high school and meeting the general requirements as defined by the North Central, the Southern, or other standardizing agency of colleges and secondary schools. However, not more than 3 units in vocational subjects and no fewer than 2 units in a foreign language will be accepted.  

CREDIT HOUR.—An hour represents one hour of recitation or lecture a week for one semester. The credit hour is referred to hereafter as semester hour.  

Two or more hours of laboratory work correspond to one hour of lecture or recitation, depending upon the nature of the laboratory work.  

In Art, six semester hours credit is given for ten hours of supervised studio work a week for the thirty-six weeks. In Music, two lessons a week, one and one-half hours' daily practice, and two hours' recitation a week in a musical science are credited as six semester hours for the thirty-six weeks. In Expression, three semester hours credit is given for three hours of prepared class work and the necessary collateral and group work.  

HOURS RECOMMENDED.—For the average college student a maximum of fifteen hours of literary work a week is recommended, but under certain conditions a minimum of twelve and a maximum of seventeen for first year students, and eighteen for second year students are permitted.  

SPECIAL SUBJECTS.—Not more than a total of eighteen semester hours may be counted toward a general diploma for work in the departments of Music, Art, Expression, Home Economics, and Secretarial Courses. Work in these departments, when completed elsewhere, will be credited toward a certificate or diploma in these special departments.
FOREIGN LANGUAGE REQUIREMENT. — Students presenting only two high-school units of foreign language are required to take two courses in college; those presenting three or more units are required to take at least one advanced course in college.

ENGLISH. — Any student having credit for Freshman English Composition, whether taken in Ward-Belmont or elsewhere, whose work falls below standard may be required to make up the deficiency in this subject under a tutor provided by the college.

COLLEGE CREDIT will not be allowed for a high-school course in excess of those units required for college entrance.

PHYSICAL EDUCATION. — No course will be considered complete until the Physical Education requirements for that year shall have been met. (See page 48.)

CLASSIFICATION. — The work completed by the beginning of the school year determines the class to which a student belongs. A high-school graduate meeting the above requirements is classified as a first-year college student. A student who has credit for twenty-four semester hours of college work is classified as a second-year college student. All second-year college students who have met the entrance requirements for a diploma and are registered for a course leading to a diploma at the end of the school year are classified as Seniors.

RESIDENCE REQUIREMENTS. — For a diploma in the College or any Special Department, at least one full year's work must be completed in Ward-Belmont. To receive credit for advanced standing, the student must present to the Dean proper credentials from an approved institution of junior or standard college grade. The college credit given will then be determined, in no case to exceed thirty semester hours.

ORIENTATION. — A course required of all first-year college students. The aim of this course is to assist the student in adjusting herself to college life. Lectures on habits and methods of study, proper distribution of time, etc., will be given by teachers in the various departments.

One hour a week for one semester. No credit.

EXAMINATION AND MARKS

Classification

The work completed by the beginning of a school year determines the class to which a student belongs.

Four completed units give second year classification.
Eight completed units give third year classification.
Twelve completed units give fourth year classification.

If a student lacks not more than one of the required number of units, she will be given conditional classification.

Reports and Grading System

Reports are sent out from the office at the close of each month and at the close of each semester. The monthly grade represents the average standing which the student has maintained, by daily recitations, written work and tests, during any given month. The semester grade represents the combination of the semester examination and the average of monthly grades. It stands as the permanent record of the student.

The system of grading is as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
</tr>
<tr>
<td>B</td>
<td>Above Average</td>

Accounting 11, 12. This is a study of partnership contracts, methods of forming a partnership and accounts with partners. Classification of accounts, accrued and deferred items are analyzed and adjusting entries made, followed by balance sheets, profit and loss statements, and journal entries to close the ledger. Then a post-closing trial balance is taken to prove the correctness of the work.

Five hours a week.

First semester, second semester. Credit, six semester hours.

Penmanship. Particular attention is given to position, form, movement and speed. Drills are given on various movement exercises to help get smooth lines, to establish correct pen holding, to loosen the muscles, to increase the speed, to fix firmly the habit of correct movement.

Penmanship is required of all students taking Stenography and Bookkeeping, but no separate credit is given.
PHYSICAL EDUCATION

The value of Physical Education, both morally and ethically, the training of the body for utility and grace, and the intelligent care of it for protection against weakness and disease, make the department of Physical Education one of greatest importance. Every effort has been made to make the equipment and management as complete as possible. Physical training is given free of charge to all students, and is required of them for at least three hours a week in every year. A physical examination is given at the beginning of the session, and a record is kept of the condition of the individual. From this record the student is advised as to the kind and amount of exercise best suited to her needs.

The Gymnasium.—The Gymnasium Building, recently constructed, is complete in every detail. On the main floor are two gymnasium rooms—one, 90x50 feet, for general activity; the other, 50x28 feet, equipped for special exercise. On this floor also are the executive offices and an examining room. A balcony surrounding the main gymnasium furnishes ample space for spectators. On the balcony floor are recitation rooms, a dancing studio, and a trophy room. On the lower floor are the lockers, dressing rooms, shower baths, and hair dryers. On this floor also is a shampoo room, four bowling alleys, and an instructor's office.

The Swimming Pool.—The swimming pool is in a separate building, adjoining the Gymnasium Building. It is 23x50 feet, and is constructed of white tile. The water is constantly filtered and sterilized, and is kept at the temperature necessary for comfort. The pool room is 66x28, feet, 30 feet in height, surrounded by a spectators' balcony, and supplied with windows on both the pool and balcony floors. A glass roof gives added light.

The Athletic Field.—The outdoor equipment consists of two athletic fields (100x50 yards), three basket-ball courts, an archery range, four tennis courts, a nine-hole obstacle golf course, and a riding ring. Adding to the completeness of this equipment is a cement court (179x40 feet), which makes possible the playing of tennis and other games outdoors the entire year.

The Stable.—Kentucky and Tennessee are world-famed as the birthplace of the American saddle horse. It seems altogether fitting that a school situated within a few miles of the famous Belle Meade Stock Farm should offer every opportunity to its students to perfect themselves in the one sport for which the South for generations has been preeminent.

is done with pencil, pen, ink and water color. Lectures in home furnishing and Costume Design are given in the last semester.

SCHOOL OF EXPRESSION

The aim of this school is to arouse an interest in the dignity and purity of speech and to establish right vocal interpretation of literature. This must be accomplished through scientific training of mind, voice and body which stimulates self-confidence, leadership and creative power. Emphasis is placed upon the study of the voice, its causes and condition. Every effort is made to eradicate all local dialects and speech defects.

A weekly class lesson in Public Speaking is offered to all students without extra charge.

A certificate in Expression is awarded to those students who complete satisfactorily thirty semester hours of college work, including English 1, 2, six semester hours of English selected from courses 10 to 50, and Expression 1, 2 and 11, 12.

A diploma in Expression is awarded to those students who complete satisfactorily sixty semester hours of college work including eighteen semester hours of English, Expression 1, 2, 11, 12; and 21, 22.

Note: Courses offered by the Junior College department are not included in the extra charge for the work of this department, although they are required for a certificate or diploma of this department.

HIGH SCHOOL DEPARTMENT

Three hours a week recitation with required and supervised practice.
First semester, second semester. Credit, six semester hours.

**SCHOOL OF MUSIC**

The Ward-Belmont School of Music possesses the combined virtues of the Belmont School of Music and the Ward Conservatory, both of which had long been the objects of the high praise and the generous patronage of educated musicians both in and out of Nashville. It is more than a complete modern Conservatory of Music; it offers to music students what all of them need—supplementary work in English, Literature, and the Modern Languages. The "mere musician," the talented player or singer who lacks general education, will be to-morrow more than ever before at a disadvantage, and will be regarded as just so much less a musician. The best musical educators are agreed that general mental discipline should not precede, but should continuously accompany, musical studies; and schools of music are seeking what we have already at hand—intimate affiliation with literary classroom work. Under our system, musical study and practice are not allowed to suffer or be crowded out, but the student is shown how she may become both a cultured woman and a thorough musician. Our musical faculty is probably the largest and most expensively maintained one in any school for girls in America. No teacher is chosen who has not had the best of advantages, most of them in both this country and Europe, teachers who have supplemented graduation from the leading conservatories with years of special study under the recognized masters of two continents. All of them are tested teachers. Piano, Voice, Violin and certain other stringed instruments, Pipe Organ, Theory, Harmony, Composition, History and Appreciation of Music, Interpretation, Ear Training, Sight Playing and Chorus, Ensemble and Orchestral Work, Repertoire and Memorizing, and Faculty, Student, and Artist Recitals—all, and more, take their appropriate places and contribute to the creation of a wholesome and inspiring musical atmosphere. Such an atmosphere is possible nowhere except in a large school where musical education is seriously undertaken by a faculty composed of tested professional musical educators. Frequent student recitals are given, as are recitals and lectures by members of the faculty and other eminent musicians. Pupils may attend the best concerts in the city. Operas are frequently given by excellent companies, and the world's greatest artists appear in Nashville from time to time. The immediate and convenient value of these advantages at our own door will be the more apparent when it is known that our students may have throughout the season the great musical entertainments,
CURRICULUM OF THE SCHOOL OF MUSIC

CERTIFICATES AND DIPLOMAS

No one may apply for a certificate or diploma who has not completed the equivalent of fifteen high-school units.

Pupils desiring to become candidates for certificates and diplomas must announce themselves through their respective teachers not later than October 10.

There will be held between February and May and between May 1 and 15 examinations on the requirements for certificates and diplomas. The candidates must in February stand an examination before the music directors on one-half the technical required and one-half the repertoire. An examination of the remaining half of the requirements must be taken before May 15.

Candidates for certificates and diplomas must appear in public recital at least three times during the session.

A modern infirmary in the main building is maintained under professional supervision, and pupils who are too ill to meet school appointments are cared for here instead of in their bedrooms.

Each residence hall is in the charge of a hostess who is always accessible for counsel, and who devotes her entire time to the training of the girls of her household in such questions as appropriateness and simplicity in dress, neatness and order in the bedrooms. In a word, these hostesses undertake to provide the best home supervision.

Theory and Ear Training

The requirements in Harmony, History of Music, Ear Training, and Musical Vocabulary are the same as in Piano.

Voice Diploma Examination

1. All **Technic** as stated above.
2. **Unmemorised Répertoire.**—One study from Mathilde Marchesi, one from Lamper, one from Panofka, and one selection from "100 Vocalises;" one selection from an opera and one from an oratorio; one aria prepared without assistance; four songs.
3. **Memorised Répertoire.**—One selection from an opera and one from an oratorio; ten songs.

COURSE OF STUDY FOR DIPLOMA IN VIOLIN

Technic.---1. Scales, all major and minor scales (melodic and harmonic), three octaves (4 notes to M. M. 132).
2. Arpeggios, major and minor (4 notes to M. M. 120); Chord Studies by Hanoch (4 notes to M. M. 100).

Ward-Belmont does not lend money to students. Drafts made by students are honored by us only in cases of emergency or upon the written request from parents or guardians.

Boarding students are under school regulations from the moment of their arrival in Nashville until their departure from the city. Parents should not, without conferring with the school, grant social or other permissions in the city before the student enters or after she leaves school.

Parents are requested not to permit their daughters to bring to the school expensive jewelry or heirlooms of any kind. Neither should they be permitted to bring expensive wearing apparel. The school is not responsible for loss or theft.

All permissions of parents or guardians should be written and addressed to the management, and are subject to the approval of the management. Even during the visits of parents, pupils are still subject to the rules of the school, and must meet all regular classroom or studio appointments.

The school bank, with its system of pass books, deposit slips, checks, and monthly balance reports, not only cares for the spending money of students, but teaches them how to keep a bank account, draw checks, and conduct their own financial affairs. We are not responsible for money or valuables not deposited in the school bank.

Parents and guardians are expected to cooperate with the school in securing full and regular attendance, especially at the beginning and end of the school year and just before and just after the Christmas holidays. Much educational value attaches to the commencement season, and no student should miss any part of it. All students have obligations to the end of the session. Those who leave earlier, or who do not keep appointments throughout the closing days, will thus fail to earn full credit for the work of the last quarter.

Visitors are received in the central parlors, not in residence halls.
Men callers are received by written permission from parents addressed to the school.
Sunday visiting is discouraged.
Victrolas are not permitted in the dormitories.
Borrowing and lending except by special permission is prohibited.
Adequate compensation must be made for any defacement of school property.
Every boarding pupil is required to have for day wear at least one pair of shoes of the following approved list: Socket Fit, Cantilever (Y. W. C. A. last), Orpik, Pediform, Full Plastic, Nature Tread, Liberty Tread, Moccasin Tread.

Neatness and order are expected of all students in the care of their rooms.
Chafing dishes and electrical appliances will not be allowed in the students' rooms. Rooms are provided for this purpose.

Discipline in Ward-Belmont is simplified by a modified form of student government, properly safeguarded by faculty supervision and cooperation.

The privilege of walking unchaperoned within certain prescribed limits beyond the campus is granted our pupils under definite restrictions.

Except when they are in the Nashville homes of near relatives, pupils from a distance are required to board in the school.

No Ward-Belmont student may sell or give articles of clothing to the maids without the knowledge and consent of her hostess.
Any student who leaves the campus without permission, or who smokes, or who attends a dance in Nashville or who cheats in examination renders himself liable to summary dismissal.

Boarding pupils are not allowed to visit in the city except with the approval of parents and the school management. Permission is not granted to spend the night in the city, except with parents or in the home of near relatives. Such permission will not be granted more frequently than one week-end in a month.

The school reserves the right to withdraw any class for which there are not as many as six applicants.

A tutor is provided at moderate cost for students who need coaching to enable them to keep up with their classes.

School work missed just before or after the Christmas holidays must be made up at the student's expense.

School work missed because of absence must be made up to the teacher's satisfaction; otherwise credit cannot be given for the course. Ordinarily a tutor can be provided at $1 to $1.50 per hour. Semester examinations not taken at the appointed time must be taken later, and a charge of $2 each will be made. Previously announced tests not taken at the scheduled time must be taken later, and a charge of $3 each will be made except in cases of protracted illness.

**CHARGES AND TERMS**

**EXPENSES AT WARD-BELMONT, NASHVILLE, TENN.**

The school year consists of one term of thirty-six weeks, beginning the second Wednesday in September and ending the first Thursday in June, with a "Christmas vacation of approximately two weeks. The charges here named are for the whole school year, and are due and payable on the opening day of school, but for the convenience of patrons payment may be made in two installments—in September and January or, respectively, as stipulated below, and are subject to sight draft after these dates.

An advance registration fee of $5 should be forwarded with the application, which amount will be credited as a prepayment on the school account. It is not subject to return, unless the applicant is rejected.

Board, room, with bath on hall, tuition in two or more subjects in the Literary Department (including Latin, French, German, Spanish), Physical Training, Athletics, Swimming, use of Library, two girls in a room, each occupant. .......................................................................................................................... $850.00, of which $575 is required on entrance, balance January 1st.

Board, etc., as above, in rooms in suites of two, with connecting bath, two girls in a room, each occupant. ........................................ $950.00, of which $650 is required on entrance, balance January 1st.

Single rooms in suites of two, with connecting bath, one girl in a room, are available each at $550 for board and literary tuition, of which $500 is required on entrance, balance January 1st.

A few single rooms, with bath on hall, are available at $850.

Students who take work in two or more extras (the equivalent of at least two units or twelve semester hours credit), and cannot find time in addition for more than the one required Literary subject, will be credited with $75 on either of the above-mentioned sums for "board, etc."

Clergymen in active ministerial work are allowed a discount of $100 on the regular course and twenty per cent on extras.

**THE OTHER FEES REQUIRED**

Star Entertainment Course** ........................................ $9.00

Infirmary fee, simple medicines and nurse's attention (except when a special attendant is necessary) .......................................................... 6.00 .......................... $55.00

Use of house linen (see page 11) ........................................ 10.00

Laundry, within liberal, but specified, limits (including house linen) .......................................................... 30.00

of which three-fifths is required on entrance, balance January 1st.  

---

"The school buildings will be closed during the Christmas vacation, but provision will be made for the board and care of students during this period at $3 a week.

In addition to the several really great concerts and lectures which may be heard in Nashville during the year, Ward-Belmont will present to its students during the season ten or more entertainments brought to Nashville at a cost of $1000 or more, including some of the best entertainments of the season. The school has arranged for these entertainments at a rate much lower than if they were paid for individually.

"The term "Literary" includes Latin, French, German, Spanish, English, Mathematics, and History. The term "Extra" includes Physical Training, Athletics, Swimming, and Musical appreciation.
Each of the above-named fees for board and tuition includes Physical Training, so necessary to health, use of Library, and the modern languages—French, German, and Spanish—all of which, in many schools, are charged for as "extras." Swimming is also included without extra cost. It is the policy of Ward-Belmont to include in the regular charge abundant provision for health in Physical Culture, every literary requirement for graduation, and the essentials for a broad culture. It is thus evident to one considering these features and the liberal additions made to buildings, equipment, and faculty during the last few years that the charge for boarding students is remarkably reasonable. The charges listed below under "Extras" are made for those who wish to specialize in the subjects named or to supplement their work along those lines.
