The
WARD-BELMONT
SCHOOL

Nashville, Tennessee
The attack on Pearl Harbor did not inaugurate defense activities on this campus—it accelerated them. Prior to December 7, 1941, the students and staff members had been devoting much of their leisure to knitting. In fact, the Ward-Belmont group knit the second largest number of sweaters furnished the Red Cross by any organization in Nashville.

June, 1941, a surgical dressings unit was established on our campus. There had been only one such unit in Nashville up to that time. Our equipment is used by the women of the community and by any students interested; over a million surgical dressings have been supplied the Red Cross.

Another development is the offering to our students of two credit courses—First Aid and Home Nursing, respectively. These courses began February 2, 1942. The number who can get into one or the other course is limited only by the number of instructors available.

Highly successful War Bonds sales are held each year; the annual Red Cross campaign on the campus is oversubscribed.

As in the other World War, Ward-Belmont will do its share in furnishing aid to our armed forces to the end that hostilities may be brought to a triumphant conclusion.

Dear Miss America:

This catalog is dedicated to you, a young American woman of preparatory school or college age. You doubtless have many questions. May I anticipate some?

First, what is Ward-Belmont? It is a distinguished Southern school for girls. It was founded in 1865 as Ward's Seminary, and merged with Belmont College in 1913. Its academic reputation is irreproachable; since 1925 it has been a member of the Southern Association of Colleges and Secondary Schools. There are three important divisions: the junior college, the preparatory school, and the conservatory of music.

Second, just what sort of a place is it? The campus was an ante-bellum plantation. The main building is the old plantation mansion. It is a French villa, with precious Venetian glass in doors, windows, and transoms. The iron grille work on the galleries reminds you of New Orleans; it should, because it was imported from France. The magnolia trees, the summer houses, and the marble fountain on the lawn take you back in imagination to the days of hoop skirts and courtly manners. Inside, marble mantels, tall mirrors, elaborate cornices, and a hanging stairway delight your eye. Of course, there are modern classrooms in other buildings, a library without equal among Southern junior colleges, an indoor swimming pool, etc.; but you can read all about them in the pages which follow.

And where is Ward-Belmont? In Nashville, which lays claim to the proud title of the Athens of the South. The name of the city is associated with the thought of education and culture. Vanderbilt University, Peabody College, and Scarritt College are within a few blocks of Ward-Belmont. The city's name is linked to those of famous men such as Jackson, Johnson, and Polk. Within a few miles are well-known horse farms, where the celebrated walking horse has had his greatest development. Ward-Belmont lovers of horseflesh visit these farms.

And who attend Ward-Belmont? Ward-Belmont is a small school, enrolling between four hundred and fifty and five hundred young women from over thirty states. Daughters of industrialists, Army and Navy officers, physicians, bankers, and farmers (to name a few vocations) make lasting friendships here while preparing for successful careers.

Ask for a copy of Who's She—Ward-Belmont's Who's Who.

Boys' preparatory schools—Castle Heights and Columbia Military Academy—and several colleges nearby assure a Ward-Belmont girl of adequate companionship and escorts to football games, dances, and so forth.

Does this picture of going to school in romantic surroundings appeal to you? Then read the detailed account which follows.

Yours for a happy school life,

JOSEPH E. BURK, President.

A Foreword

The hope in the heart of one of the founders of our school was that the education given there might appeal "from the common-places and trivialities of daily life to a more exalted living, from the satisfaction of the barrenly educated to the delights of the quickened and thoroughly aroused mentality." Although many changes have come since those words were uttered, this high aim has abided at Ward-Belmont throughout the years and been more fruitful than anyone dared hope in the 1860's.

Education at its best is a quiet, even growth. It is more concerned with permanent roots than with leaves that will fall and be blown away with a change of season. In such a fundamental process much more is involved than the acquisition of a few mental tricks or superficial skills. It is rather a question of touching and cultivating those deep-seated attitudes, loves, hopes and desires that unconsciously color and shape our innermost thoughts and guide us in making our vital decisions.

It is the purpose of Ward-Belmont to give this kind of education. The means employed are simple. The surroundings reflect a fine tradition and kindle a love of those things that underlie gentle and gracious living. The atmosphere encourages dignity and a respect for all good things. The faculty exemplifies those qualities of stability, scholarship, and broad sympathy that the students are to build into their lives. The courses of study not only furnish information but aim to create a sympathetic understanding of the scientific spirit and a warm devotion to the best in literature, music, and the other arts.

Through these means are the foundations laid for a truly liberal and satisfying life.

THE WARD-BELMONT SCHOOL

HISTORICAL SKETCH

The Ward-Belmont School, comprising the junior college, the four-year college preparatory department and the conservatory of music, is the outgrowth of the union of Ward's Seminary and Belmont College. Ward's Seminary was established in 1865 by the Reverend William E. Ward, D.D., when he learned that the Nashville Female Academy, founded in 1820, would not re-open after the Civil War. The reason for the founding of this school was stated in the following words: "It was conceived that the want of the country was a more thorough preparation of young women for the duties of life. To this end a free, classic course was inaugurated and a full course in all other departments. It was intended that the full meaning of the word 'educate' should be striven for—the drawing out of all the powers, mental, moral and aesthetic." From the day of its foundation the school filled a distinct need, not only in the local community but in the neighboring states as well. Dr. Ward, with his wife as a never tiring co-laborer, directed the affairs of the school for over twenty years. After his death in 1892 Dr. J. D. Blanton and his wife became associated with the Seminary.

Belmont College was established in 1890 by Miss Ida E. Hood and Miss Susan L. Heron. The character and purposes of this school are best expressed in a statement by the founders: "The guiding thought and spirit of our work is the conscious desire to impart practical knowledge in such manner as best develops power, recognizing that far higher than this is the unconscious influence that emanates from the atmosphere and environment of a wisely directed school and is woven into the lives of all that come within its contact. It is our purpose to furnish opportunities for a broad and scholarly education."

In June, 1913, Misses Hood and Heron expressed the desire to retire. The schools were then united on the Belmont campus under the name of Ward-Belmont School. The present institution counts as its loyal alumnae the graduates of both Ward's Seminary and Belmont College. Since the consolidation, Ward-Belmont has offered two years of college work, a four-year college preparatory course and the regular program.
of a conservatory of music. It was a pioneer in the junior college movement. The year after the consolidation Dr. Blanton became president and continued in that office until his death in 1933. He was succeeded by Dr. John W. Barton, who served until his death in September 1936. Mr. A. B. Benedict, vice-president, served as president until 1939. Upon his resignation, Dr. Joseph E. Burk, dean of the faculty since 1930, was elected to this office.

**Nashville and Its Environs**

For well over a century Nashville has been well known as an educational center. Schools of every kind are found here. Vanderbilt University with its various professional schools, George Peabody College for Teachers, Scarritt College for Christian Workers, and Ward-Belmont are located in the same general community and help to give Nashville distinct charm and an atmosphere of culture. The city is an ideal home for students. In addition to the annual series of concerts and lectures given by world famous artists and writers in the school auditorium, Ward-Belmont students attend the best of concerts, plays and lectures presented in Nashville during the season.

There are some very interesting examples of architecture in Nashville that are well worth study by students. Among them may be mentioned the Tennessee State Capitol, the exact replica of the Parthenon in Centennial Park, and the imposing War Memorial Building with its park. To the west of the school lies Belle Meade, for many years the South's most celebrated stock farm and now Nashville's beautiful residential suburb. The Hermitage, the home and burial place of Andrew Jackson, is twelve miles to the east. There are also many monuments and places of historical significance near by.

**Climate and Health**

The temperate climate of Middle Tennessee makes Nashville an ideal location for schools. Students from northern states, as well as those from farther south, find that mild weather and an inviting campus encourage outdoor sports and games. These have contributed much toward maintaining the excellent health record of the school.

Ward-Belmont realizes how much the health of its students depends upon school surroundings and safeguards their health in every way. The buildings are carefully planned. The drinking water, for example, is cooled electrically and supplied in hygienic fountains throughout the buildings. Experienced nurses have charge of a well-ordered infirmary. The regular program of school life as regards meals, sleeping hours and exercise does much to insure good health. A physician's certificate is presented by every applicant for admission.

**Campus**

Ward-Belmont, on an elevation of one hundred feet above the city, stands in a beautiful park, formerly the site of Belmont, the celebrated Acklen estate. The campus of forty-five acres, a part of which is occupied by athletic fields, is well above the city and is sufficiently removed to give the quiet and seclusion conducive to studious habits. Transportation facilities, the shopping districts and churches of all denominations in the city are, however, readily accessible.

**Buildings and Equipment**

The nucleus of the school is the old Acklen residence, an unusual ante-bellum adaptation of French architecture. Grouped around this interesting center of an old Southern estate are the buildings that have been added at intervals. These are arranged in a quadrangle with the west side open. On the north are Fidelity, North Front, South Front and Founders halls, this last containing the drawing rooms, the auditorium and the dining rooms. On the east are three residence halls, Heron, Pembroke and Hail; on the south, Blanton Hall and the gymnasium. Among the other buildings on the campus are the Preparatory School, the music practise house and the extensive group of social clubs. Heat is supplied by a central plant removed some distance from the quadrangle. The buildings are suitably lighted at all hours. Frequent fire drills and adequate fire escapes assure every protection. Several buildings adjacent to the campus are owned by the school and used for various purposes. One houses the home economics department.

In Blanton Hall are the administrative offices. The ground floor contains the chemistry, biology, and physiology labora-
tories and lecture rooms. The library is on the main floor. On the second floor are classrooms and the speech studio, which is adapted both to class work and to the production of plays before a small audience. It is also used as the laboratory for radio broadcasting classes. The third floor is occupied mainly by the art studios.

Since nourishing and appetizing food tastefully served is one of the best agents for physical and mental development, every care is given to it in the school dining room. The kitchen and bakery have the latest improvements in gas and electric appliances and cold storage. The most improved methods of steam cooking are used. The dining halls are commodious and attractive and the menus carefully supervised by a competent dietitian who has made this school famous for its unexcelled Southern cuisine.

Separate dormitories are provided for college and preparatory students, thus promoting the individual welfare of each department by satisfying independently its particular needs. These residence halls are designed and furnished to meet every demand of comfortable and well-ordered home life. Heron, Pembroke and Hall halls are arranged in suites of two double rooms with connecting bath, or, in some cases, of two single rooms with connecting bath. Other dormitories have rooms of two types: separate double rooms, each with hot and cold water, with ample baths on every floor; and suites of two double rooms and bath. With a few exceptions the rooms have separate closets. Each room is furnished with rugs, window draperies, dresser, table, chairs and beds. All the rooms have outside exposure, with abundant sunlight and fresh air. Transoms provide additional ventilation.

Ten well-equipped club houses provide for the needs of the ten social clubs for resident students. Each is prepared for meetings and informal entertaining.

The gymnasium building is a complete unit. On the main floor are two gymnasium rooms—one ninety by fifty feet, for general activity; the other, fifty by twenty-eight feet, equipped for special exercises. On this floor are also the executive offices and an examining room. A spectator’s balcony surrounds the main gymnasium. On the balcony floor are recitation rooms, a dance studio, and rest rooms for girls who are unable to participate in the regular activities of the depart-

W A R D - B E L M O N T

ment. On the ground floor are four bowling alleys, an instructor’s office, a shampoo room, lockers, dressing rooms and showers.

The swimming pool is in a separate building adjoining the gymnasium. It is twenty-three by fifty feet, is constructed of white tile and surrounded by a balcony. A glass roof gives added light. The water is constantly filtered and sterilized by the use of ultra-violet rays. No chlorine or other irritating chemicals are ever used. The water and air are kept at a comfortable temperature.

Included in the outdoor equipment are two athletic fields, an archery range, a riding ring, and tennis courts. One cement court makes possible the playing of tennis and other outdoor games the entire year.

The Ward-Belmont stable is owned and maintained by the school. It consists of gaited saddle horses carefully selected as to disposition. Thorough instruction is given in the various types of horsemanship. Grooms are in constant attendance, both in the ring and on the road. On account of its situation in a section famous for the breeding and training of fine horses, Ward-Belmont is in a position to offer its students excellent opportunities to perfect themselves in horsemanship.

L I B R A R I E S A N D V I S U A L A I D S

The college library and reading desks are located in a spacious, well-lighted room on the first floor of Blanton Hall. The book collection of 15,100 volumes represents a well-organized library carefully selected to meet the needs of the students. Books on the cultural subjects, such as music, art, literature, modern languages, and history are especially numerous. The resources of the Nashville Public Library and the other college libraries of the city are also available to the students through inter-library loans. The increased use of the college library and the interest it indicates have been most gratifying. The seating capacity of the reading room is more than adequate.

In the reference section are the standard encyclopedias, dictionaries, and reference books, suitable for the work of junior college students. With the co-operation of faculty members, emphasis has been placed upon recreational reading.
The attention of the students is constantly being directed toward the best of the old and new books by reading lists, displays and open reserve shelves. Greater stimulation to reading has resulted from keeping open to the students the main stacks of the library. The eighty-five standard periodicals to which the library subscribes emphasize the importance of contemporary thought and literature. The collection of bound magazines numbers 1,450 volumes. Current issues of the leading newspapers of the country are kept in the reading room.

Instruction in the use of the library is an integral part of the first year English course. Regular assignments in a library handbook give the student practical experience which she can apply to the concrete work of her courses, such as the writing of term papers and collateral reading.

The preparatory department maintains its own separate library of 800 volumes in a supervised study hall. Duplicate copies of periodicals are on file here. The resources of the main library are, of course, at the disposal of the preparatory students.

Throughout the year regular use is made of sound films, slides for the reflectroscope and other types of picture presentation. By means of careful selection of materials and explanations by the teacher visual aids constitute an organic part of classroom work.

WARD-BELMONT ARTIST SERIES

Believing that hearing the world’s most famous musicians has definite educational worth, Ward-Belmont spends several thousand dollars each year to bring to her students such noted figures. The Artists Series of Ward-Belmont has long been outstanding for both quality and variety. Our students have recently enjoyed such artists as Heifitz, Bonelli, Casadesus, Virovai, Eddy, Hilda Burke, Meisle, Spaulding, Elman, Dupré, Hatfield, Babin and Vronsky, Scott, and The English Duo, and others of equal or greater fame. In addition, the Community Concerts Association, the Centennial Club, Ryman Auditorium, and the Little Theatre make tickets available to our students at student prices.

RELIGIOUS ACTIVITIES

Realizing the part that religion plays in the development of a wholesome and worthwhile personality, Ward-Belmont makes an earnest effort to stimulate and strengthen the impulse toward Christian life and service. Courses in the Bible and religious education form part of the curriculum. There is an active Young Women’s Christian Association in which members of the faculty co-operate with the students. It is directed by a member of the staff employed for that purpose. The influences of this organization are vital throughout the school; and, through its community service program in the city of Nashville, students are trained to do constructive work in their own communities. Devotional services conducted by clergymen and other religious leaders form a definite part of the assembly program. The spirit of church loyalty is fostered by requiring each student to attend the church of her own and her parents’ choice.

SOCIAL ACTIVITIES

Since the whole school, especially beautiful Acklen Hall and the club houses, was built for gracious living, Ward-Belmont naturally carries on the best Southern social traditions. In addition to the usual class and school organizations with their varied activities, there are picnics, weekends away from the school, many teas, receptions, dinners and dances, both formal and informal, all of which help Ward-Belmont students heighten their natural grace and charm.

The proximity of other colleges and preparatory schools and the general cordiality that exists on the part of Nashville toward the school make the social life at Ward-Belmont particularly full and satisfying.

After a “rushing” period at the opening of the school year to provide opportunity to become well acquainted, every student becomes a member of a club. Meals for special occasions, tea dances and all kinds of social gatherings mark the year’s activities. All athletic, academic, and citizenship awards are closely bound to club life.

DRESS AND HOUSEHOLD ARTICLES

Good taste in dress is emphasized. Extravagance in any form is discouraged. A description of the kind of dress most
suitable for school life and the climate of Nashville will be sent upon request.

Each student provides her own blankets. An abundant supply of napkins, towels, sheets, pillow cases, and bedspreads is furnished by the school.

**GOVERNMENT**

A modified form of student government, properly safeguarded by faculty co-operation and supervision, prevails. This organization consists of (1) student councils composed of representatives chosen by the students from the college and preparatory classes; (2) a faculty committee composed of hall advisers and governmental groups; and (3) the President.

A description of the student government is given in the Blue Book, a copy of which is presented to each student before entrance.

**ACCREDITATION**

Both the junior college and the preparatory school are accredited by the Southern Association of Colleges and Secondary Schools. These two schools are separate and distinct as regards courses of study, classrooms and libraries. The preparatory department is administered by a principal; the junior college, by its dean. An average of 70% of each junior college graduating class enters senior college; of this number 87% makes either satisfactory or excellent records.

The conservatory of music is a junior college member of the National Association of Schools of Music.

**SCHOLARSHIPS**

To recognize and encourage achievement of a high order, Ward-Belmont offers scholarships in art, dancing, music, and in the more strictly academic studies. In art, dancing, and music, the scholarships are competitive (see pages 36, 51, and 75). The academic scholarships, each of two hundred dollars, are open only to honor graduates (upper ten per cent) of accredited high schools, and are payable one-fourth each semester for two years. To be eligible for the second year, the recipient must maintain a better than average grade point standing the first year. The competitive scholarships are available on preparatory and college levels. For detailed information write the registrar.

**CHOICE OF SUBJECTS**

The course of study for each student is carefully planned in the light of work already completed and individual tastes and aims. Correspondence and personal conference with the principal of the preparatory school and with the deans of the junior college and the conservatory of music are cordially invited. Courses of study should be agreed upon and filed by August 15. Parents are urged to take part in planning the program for their daughter. Plans can be modified on the opening days of school; but further changes during the year are usually discouraged.

It is advisable for a student in the junior college to make preparation for advanced work at the university of her choice. She should enroll in those classes required or advised by the institution she intends to enter. English, foreign languages, mathematics, social sciences and natural sciences are the five main groups from which she should select her major subjects.

Definite vocational training is available in those courses that aim to prepare students for specific occupations. The fields are those most frequently chosen by women: secretarial work, home economics, social service, education, music and fine arts.

**ALUMNAE**

More than forty thousand women in the United States and in foreign countries call Ward-Belmont alma mater. Many of them are famous in concert, stage, screen and radio. Others have achieved notable distinction in the fields of art, literature and education. Ward-Belmont alumnae also hold enviable records in the professions, social work, and business.

Every graduate of Ward-Belmont thus becomes a member of that select group who bear the hallmark of Ward-Belmont education.

**APPLICATION FOR ENROLLMENT**

Early application is advised, for each is considered in the order received. References are required and must be accompanied by a physician's certificate. All necessary forms will be sent on request. No student can be definitely enrolled until these are properly filled out, submitted to the registrar with the enrollment fee of twenty-five dollars, and formally accepted.

The Junior College

ADMISSION.—Admission to the junior college is based on graduation from an approved secondary school, with a minimum of fifteen acceptable units, or the equivalent of this requirement as shown by examination. All units certified by such a high school and meeting the general requirements as outlined by the various accrediting agencies of colleges and secondary schools are acceptable.

ADVANCED STANDING.—To receive credit for advanced standing, the student must present to the dean her credentials and record of work from an approved junior or senior college. The amount of credit allowed will in no case exceed thirty-two semester hours, including physical education. Credit will not be given for courses specifically required for graduation at Ward-Belmont unless the transferred work is the equivalent of the work required here, or unless subsequent courses in the subject are satisfactorily completed here during the succeeding year.

College credit will not be allowed for a high school course in excess of those units required for college entrance.

CLASSIFICATION.—The work completed by the beginning of the semester determines the class to which a student belongs. A high school graduate meeting the entrance requirements is classified as a college freshman. Students who present at least twenty-four semester hours and physical education at the beginning of the semester are classified as sophomores.

A form of the Otis Test, the Thurstone Personality Schedule, and an elaborate English sectioning test are given every new student so that she may be intelligently placed and guided.

COURSE OF STUDY.—Each student should select courses in line with the requirements for the certificate or diploma for which she wishes to apply. The minimum course requirements for all boarding students consist of twenty-six semester hours a year, including the following courses:

<table>
<thead>
<tr>
<th>First Year</th>
<th>Second Year</th>
</tr>
</thead>
<tbody>
<tr>
<td>English 1, 2</td>
<td>6 hours Physical Education 15, 16 1 hour</td>
</tr>
<tr>
<td>Physical Education</td>
<td>2 hours Physical Education 1 hour</td>
</tr>
</tbody>
</table>

Students who present transferred credit in English or Physical Education 15, 16 (Hygiene) must substitute other courses to meet the minimum schedule requirements.
Students are required to carry a minimum of three hours a week in the physical education department each year.

Day students who are not interested in applying for a certificate or diploma are permitted to elect courses without reference to the minimum course requirements. They are classified as special students.

**Grades and Reports.**—The following grading system is used: A, excellent; B, good; C, satisfactory; D, passing; E, condition; F, failure; I, work incomplete or absence from examination. Semester examinations are given in every course in accordance with the schedule issued. A semester grade of E or I should be removed at the beginning of the succeeding semester. If such a grade is not removed at the time set by the Dean, it becomes an F. When a mark of E is removed, the recorded grade may not be higher than a D. The only way in which an F can be removed is by repeating the course.

In order to receive credit in a course, all required work other than the examination must be completed by the beginning of final examination week.

Preliminary reports showing progress and standing of students are sent parents at the middle of each semester. Final reports are sent at the end of the semester.

**Quality Credits.**—For each semester hour of credit completed with a grade of A, three quality credits are assigned; with a grade of B, two quality credits; with a grade of C, one quality credit. Lower grades yield no quality credits. Quality credits are not allowed for the four semester hours of required physical education.

**Diplomas and Certificates**

Diplomas and certificates are conferred in the curricula listed. An applicant for any of these awards must complete at least one year's work in Ward-Belmont.

Applicants for any diploma or certificate must earn a total number of quality credits equal to the required number of semester hours. Applicants for a special diploma or certificate must make at least B in the major subject.

Well-established habits of correct speaking and writing must be demonstrated. Any applicant for a diploma or for a certificate whose oral or written English is at any time unsatisfactory is reported to the Dean's Committee on Oral and Written English. The committee holds conferences with the student and provides her with opportunities for such remedial work as she desires to the end that she may change her speaking and writing habits to meet the standard required.

**The Junior College General Diploma**

This diploma may be earned in any one of the following curricula.

**Senior College Preparatory Curricula**

Students who wish to enter one of the senior college preparatory curricula must present for entrance the following specific units:

<table>
<thead>
<tr>
<th>Subject</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>3</td>
</tr>
<tr>
<td>Algebra</td>
<td>1</td>
</tr>
<tr>
<td>One foreign language</td>
<td>2</td>
</tr>
<tr>
<td>Electives</td>
<td>8</td>
</tr>
</tbody>
</table>

More than four units in vocational and special subjects, or fewer than two units in a foreign language, may not be included in the elective units accepted.

It is sometimes possible for applicants whose high school credits do not include all of the units specified above to make up the deficiency by carrying work in the preparatory department or by counting back college work at the ratio of four semester hours for one high school unit.

**(1) General Liberal Arts and Sciences**

</tbody>
</table>

Students presenting only two units of a foreign language from high school are required to take one foreign language for two years in college. Students presenting three or four units in one foreign language may satisfy the language requirement by taking the language presented for entrance for one year or by taking another language for two years. Those presenting two units in each of two languages are required to continue for a year one of the languages presented for entrance or to take a third language for two years.

*The order in which these courses are taken may be reversed.*
WARD-BELMONT

Only eighteen semester hours from the special departments of art, home economics, music, and secretarial training, and from the elective courses of the physical education department, may be credited toward this diploma. In music not more than eight semester hours in applied music may be so credited. In order to receive academic credit, applied music must be studied in conjunction with music history or theory.

(5) PRE-PHYSICAL EDUCATION

Adjustments may be made in the program of the individual student in order to meet the specific requirements of the senior college which she plans to attend.

---

**TERMINAL CULTURAL CURRICULUM**

In keeping with the current trend in education to recognize and provide for the needs of students who do not expect to attend a senior college upon graduation from junior college, the following terminal curriculum is suggested. The dean undertakes to assist each student in choosing electives in line with her interests and previous preparation.

Entrance requirements: graduation from an approved secondary school, with a minimum of fifteen acceptable units, or the equivalent of this requirement as shown by examination.

No specific pattern required as in case of senior college preparatory curricula.

**FIRST YEAR**
- English 1, 2: 6 hours
- History 1, 2: 6 hours
- Biology 11, 12: 8 hours
- Economics 3, 4: 6 hours
- Elective: 4 or 6 hours

*Two years of French in high school meet this requirement.

For diplomas offered by the conservatory of music see pages 78-86.

*Psychology is suggested as an elective.
*Dependent upon the future plan of the student.
The applicant for the diploma will be required to pass a comprehensive written examination and an oral speech test, to give a creditable program of interpretations, to participate in major dramatic productions, and to produce a one-act play.

Students desiring to present equivalents for Speech 11, 12 will be asked to take a written and oral test covering fundamentals.

SPECIAL CERTIFICATES

Entrance requirements: graduation from an approved secondary school, with a minimum of fifteen acceptable units, or the equivalent of this requirement as shown by examination. No specific pattern required as in case of senior college preparatory curricula.

ART

For a certificate in art the following thirty-two semester hours of work are required. Students who have not had the equivalent of Art 11, 12 will find it necessary to spend two years in completing the requirements.

| Art 11, 12 | 8 or 12 hours |
| Art 13, 14 or 15, 16 or 17, 18 | 6 hours |
| Art History 13; 14 | 6 hours |
| English 1, 2 | 6 hours |
| Electives | 0 to 4 hours |
| Physical Education | 2 hours |

A minimum of sixteen problems, as outlined in the syllabus, is required. All work must be of high quality. Additional problems to overcome the student's points of weakness and to strengthen her work in her field of specialization will be required.

The progress of each student is an individual matter. Some students will be able to complete problems in less time than will be required for others. Completion of syllabus requirements—not number of hours in the studio—will determine the awarding of the certificate.

RIDING

The following course, leading to a certificate in riding, is offered for students eighteen years of age or older who wish to specialize in riding:

Physical Education 19, 20
Physical Education 29, 30
Physical Education 15, 16

SECRETARIAL TRAINING

The two-year course leading to the certificate in secretarial training emphasizes the development of skills necessary for competence in office work. It also affords the student an opportunity to acquaint herself with the fundamentals of more general business procedure and to acquire some knowledge of economic and social trends.
Description of Courses

Courses numbered 1 through 10 are open to freshmen; those numbered 11 through 20 are open to freshmen and sophomores; and those numbered above 20 are open to sophomores only. Students who wish to enter courses to which their classification does not entitle them must secure special permission from the dean.

Course numbers separated by a comma indicate courses for which credit is allowed only upon completion of a year's work. Course numbers separated by a semicolon designate courses in which credit is allowed for either semester of the year's work unless notice to the contrary appears in the description of the course.

The school reserves the right to withdraw any class for which there are not at least six applicants.

A R T

MISS SHACKELFORD, Director
MISS GORDON
MISS HUTCHENS

The department of art provides an opportunity for study in three principal fields: general art, costume and commercial illustration, and interior design. An introductory course which seeks to give the student a knowledge of fundamental principles, to advance her skill, and to free her creative ability is given the first year. This beginning work is so arranged that each student may place emphasis upon those phases of the course which form the foundation of the classes she plans to elect in the second year.

Satisfactory completion of a sequence of the courses outlined below will furnish the basis for independent work in a chosen branch of art or prepare the student for admission to more advanced classes in the leading art schools. The courses in interior design and commercial illustration are planned for students who wish to make vocational use of their knowledge. Arrangements for more advanced work may be made with the director of the department of art.

Some students may be required to take a double course in the studio their first year so that they will be able to meet the
proficiency requirements for admission to the second-year classes. Credit will be granted for this additional work. Students who, on the basis of their previous training, seek admission to the advanced courses will be allowed to stand an examination and then be classified in the light of their achievement.

Five art scholarships are offered annually to regularly enrolled college students proficient in art. Each scholarship is worth two hundred dollars. Candidates are required to submit a record of previous school work and must demonstrate their ability by the drawing of still life and ornament.

Courses offered by the department of art in the preparatory school are described on pages 64 and 65.

1-2. ARTS AND CRAFTS. For students who are interested in construction and applied design. Problems in basketry, metal work (copper and brass), tooled and cut leather work, woodblock printing, simple weaving, cardboard construction (including elementary bookbinding and lamp shade making), and tie dyeing and batik. The work of this course is especially valuable for camp counsellors and for teachers of elementary grades.

Four hours a week.
First semester, second semester. Credit, four semester hours.

3, 4. PRINCIPLES OF DESIGN. The application of principles of design. Portfolio making, lettering, color theory, block printing and textile design. Consideration of historic color and form in textiles. Illustrations and lectures. Laboratory work: original problems applying art elements found in the historic examples.

Lecture and discussion, one hour; laboratory, two hours.
First semester, second semester. Credit, four semester hours.

11, 12. INTRODUCTION TO ART. The fundamentals of design and representation in orderly sequence. Two hours each week are given to lectures and discussions, in preparation for which the students have assignments in collateral reading. Three double periods each week are devoted to laboratory practise in pencil, charcoal, tempera and transparent water color. This work includes also drawing the head and figure from the posed model, with emphasis upon construction and action. Drawing from memory is stressed. Lessons in mechanical drawing are a part of the work. Pictorial composition, lettering and color theory are taken up. Correct home furnishings and dress are given consideration in the lectures of the second semester.

All art students are required to present this course as a prerequisite for more advanced work. Students who plan to take additional work and whose previous training has not prepared them to complete the work of this course in the minimum time, should arrange to spend an additional six hours a week in the studio. Two hours credit will be granted each semester for this additional work.

Required collateral: Art History 13; 14.
Two lectures, six or twelve studio hours a week.
First semester, second semester.
Credit, eight or twelve semester hours.

13, 14. GENERAL COURSE. The first semester includes life drawing in charcoal, freehand perspective sketching and water color painting.

The second semester covers life drawing, painting in water color from life, still life, and landscapes. Pictorial composition is stressed. Memory drawing is given due weight. Design problems are developed by the silk screen process.

Prerequisite: Art 11, 12 and permission of director.
Ten hours a week.
First semester, second semester. Credit, six semester hours.

15, 16. COSTUME AND COMMERCIAL ILLUSTRATION. The work of this course consists of problems in life drawing, water color painting, lettering, composition, commercial illustration, advertising layout, reproductive processes and a survey of the history of costume.

Much of the time of the second semester is given to the illustration of costumes shown in local stores. The student is required to fill sketch books with costumes and accessories from which she develops newspaper layouts and magazine pages which may be reproduced in wash, line or color.

Prerequisite: Art 11, 12 and permission of director.
Ten hours a week in studio.
First semester, second semester. Credit, six semester hours.

17, 18. INTERIOR DESIGN. This course includes a study of mechanical perspective, elevations in color, water color rendering, architectural details, historic ornament, furniture construction, history of period furniture, period interior design, contemporary design, history of interior decoration.

Prerequisite: Art 11, 12 and permission of director.
Ten hours a week.
First semester, second semester. Credit, six semester hours.

ART HISTORY
MISS HUTCHENS

13, 14. ART IN THE WESTERN WORLD. This is a general survey course in architecture, sculpture, and painting in Western Europe, with special reference to historic backgrounds and national characteristics. The work of the first semester covers the subject from the earliest beginnings to the end of the Middle Ages. The second semester covers the period from the Renaissance to the present, with special attention to the various schools.
BIOLOGICAL SCIENCES
MISS HOLLINGER MRS. SEAY
11, 12. GENERAL BIOLOGY. This course is an introduction to the fundamentals of living protoplasm, cell structure and the physiology of plant and animal life. A brief survey is made of the plant divisions from the unicellular forms to flowering plants. A corresponding survey is made of the animal kingdom. Types are selected from each animal group for comparative study. Consideration is given to the practical relation of biology to human life.
Lecture, three hours; laboratory, four hours.
First semester, second semester. Credit, eight semester hours.

21. INVERTEBRATE ZOOLOGY. A comparative study of the invertebrate groups of animals, their structure, classification, ecology and economic value.
Prerequisite: Biology 11, 12.
Lecture, two hours; laboratory, six hours.
First semester. Credit, four semester hours.

22. VERTEBRATE ZOOLOGY. This includes the comparative morphology of the backbone animals and their special adaptations.
Prerequisite: Biology 21.
Lecture, two hours; laboratory, six hours.
Second semester. Credit, four semester hours.

CHEMISTRY
DR. MORROW MISS BURRESS
11, 12. GENERAL CHEMISTRY. The study of the principal metallic and nonmetallic elements and an introduction to Qualitative Analysis.
Lecture, two hours; recitation, one hour; laboratory, four hours.
First semester, second semester. Credit, eight semester hours.

21, 22. ANALYTICAL CHEMISTRY. First semester: Qualitative. The recognition of the principal cations and the more common anions. Second semester: Quantitative determinations by gravimetric, volumetric, and some other methods.
Prerequisite: Chemistry 11, 12.
Lecture, recitation and laboratory, nine hours a week.
First semester, second semester. Credit, ten semester hours.

23, 24. ORGANIC CHEMISTRY. Aliphatic, aromatic, and selected heterocyclic compounds are studied. Some stress is laid on food analysis and vitamins.
Prerequisite: Chemistry 11, 12.
Lecture, two hours; recitation, one hour; laboratory, four hours.
First semester, second semester. Credit, eight semester hours.

ECONOMICS
MISS DAVIS
3. ECONOMIC GEOGRAPHY OF THE WORLD. Such topics as agriculture, forest resources, fisheries, animal foodstuffs, fuels, ores, transportation, foreign trade, and manufactures are treated. The interrelations and the adjustments of peoples to their environments are stressed.
Three hours a week.
First semester. Credit, three semester hours.

4. OUR ECONOMIC ORGANIZATION. This course is designed for beginners in the study of economics. It does not deal with theories and abstract principles. The aim is to acquaint students with the fundamental social structures and their functions in our economic organization. Among the various subjects studied are banking, specialization, business organization, scientific management, government, and many of the other factors which enter into man's economic life.
Three hours a week.
Second semester. Credit, three semester hours.

21, 22. PRINCIPLES OF ECONOMICS. This course deals with the laws or principles affecting the production, distribution, and consumption of wealth, and the material means of satisfying human desires.
Topics: Economic organization; the basis of the science of economics; industrial evolution; production; the laws of price; supply and demand; money; banking and exchange.
In the second semester the problems of the business organization are considered.
Topics: Transportation; government regulation of transportation; monopolies; insurance; speculation; distribution of wealth and income;
rent; wages; interest; profits; the economics of government taxation; problems of labor; reforms of the economic system.

Three hours a week.
First semester, second semester.

24. THE PRESENT ECONOMIC ORDER. The plan is to bring out as clearly as possible some of the major economic factors that one faces today. Such topics as these will be covered: a description of our present economic order; money; the types and meaning of exchange; financial institutions; the federal reserve system; business organizations; salesmanship, advertising and competition; the business cycle; the role of the consumer and of the worker.

Three hours a week.
Second semester.
Credit, three semester hours.

EDUCATION

MISS NORRIS

11, 12. INTRODUCTION TO EDUCATION. The purpose is to develop an interest in general education and a comprehension of the underlying factors that enter into the educational process. In the first semester there is a brief survey of the European background of early American education. This is followed by an account of the development of our present system of schools and a comparison of it with the European system. A study is made of the purposes, organization, administration and costs of the different types of schools in the United States. The work of the second semester includes a critical examination of theories of education with special reference to learning processes, teaching procedure and subject matter for the curriculum. The student is taught to become aware of the factors and processes involved in her own education so that she may understand and direct them more intelligently.

Three hours a week.
First semester, second semester.
Credit, six semester hours.

ENGLISH

DR. RHEA, Chairman, Composition Teachers
MISS SCRUGGS, Chairman, Survey of Literature Teachers
MISS FRENCH MRS. GORDON DR. WELLS

COMPOSITION

1, 2. FUNDAMENTALS IN READING AND WRITING. This course is required of all first-year college students or candidates for any certificate or diploma. Through reading and writing in varied literary types, the student works towards the objectives of clear thinking, correct expression, intelligent reading, and the development of critical judgment.

Demonstration of well-established habits of correct speaking and writing is a requisite to credit in the course.

A special non-credit class in the fundamentals of English composition is provided during the first semester for those students whose deficiency in spelling, punctuation, and sentence structure makes inadvisable their continuing in English 1.

Three hours a week.
First semester, second semester.
Credit, six semester hours.

1, 2X. FUNDAMENTALS IN READING AND WRITING. A course meeting six hours a week the second semester. All of the material of English 1, 2 is covered.

Six hours a week.
Second semester.
Credit, six semester hours.

27; 28. ADVANCED COMPOSITION. This introduction to journalism includes a critical study of the leading forms of literary composition with intensive practice in writing and numerous conferences. The work consists of essay, critical review, editorial, news story, short story, metrical forms and other types of imaginative writing.

Prerequisite: English 1, 2.
Three hours a week.
First semester, second semester.
Credit, six semester hours.

LITERATURE

3; 4. COMPARATIVE LITERATURE. This course emphasizes the various types of English literature and compares them with their corresponding forms from other countries. The epic, drama and poetry are given special attention. In this way is obtained a wider and more appreciative knowledge of ancient and European literature and a richer background for subsequent courses.

Three hours a week.
First semester, second semester.
Credit, six semester hours.

21, 22. SURVEY OF ENGLISH LITERATURE. The first part consists of a survey from Beowulf to the Restoration Period; the second part, from the Restoration through the Victorian Period.

Prerequisite: English 1, 2.
Three hours a week.
First semester, second semester.
Credit, six semester hours.

23. SHAKESPEARE. A careful study is made of a number of Shakespeare's plays with a more rapid reading of others. These are compared with various plays, Elizabethan and others. The first quarter's work consists of the comedies and histories; the second, of tragedies and romances.

Prerequisite: English 1, 2.
Three hours a week.
First semester.
Credit, three semester hours.
24. **A Study of Modern Drama.** A short introduction connects the modern period with that of Shakespeare. Specimens of English, American and European plays are studied.

   *Prerequisite:* English 1, 2.
   *Three hours a week.*
   *Second semester.*
   *Credit, three semester hours.*

25. **Early American Literature.** A study is made of the leading American writers in prose and poetry up to 1870 with especial emphasis on the historical background and the development of American ideals.

   *Prerequisite:* English 1, 2.
   *Three hours a week.*
   *First semester.*
   *Credit, three semester hours.*

26. **Modern and Contemporary American Literature.** The modern movement is considered in poetry, essay and biography from 1870 to the present.

   *Prerequisite:* English 1, 2.
   *Three hours a week.*
   *Second semester.*
   *Credit, three semester hours.*

**French**

**MRS. BAMBAS**

11, 12. **Beginners’ Course.** Grammar, pronunciation, dictation, conversation, written and oral exercises and reading based on Bovee and Lindquist: "Une Aventure en Francais."

   *Four hours a week.*
   *First semester, second semester.*
   *Credit, eight semester hours.*

13, 14. **Intermediate Course.** Grammar review with conversation and composition based on Fundenburg: "A First Review of French Grammar." Reading of selected stories, plays and novels by well-known authors.

   *Prerequisite:* Two years of high school French or French 11, 12 or its equivalent.
   *Three hours a week.*
   *First semester, second semester.*
   *Credit, six semester hours.*

17, 18. **Advanced Grammar.** The course is designed to complete and fix in the mind of the student the fundamentals of the grammar and to increase her facility of expression in the foreign language. It is essential for all those wishing to major in French and is advisable for all taking French 19, 20 or 23, 24.

   *Prerequisite:* French 13, 14 or its equivalent.
   *Two hours a week.*
   *First semester, second semester.*
   *Credit, four semester hours.*

19, 20. **General Survey of the History of French Literature.** Reading of authors representative of each period; recitations, discussions and themes on classroom work and outside reading.

HOME ECONOMICS

MRS. FIDLAR  MRS. DANIEL  MRS. SARGENT

This department offers several kinds of courses. The survey courses (15; 16 and 17; 18) are planned for those who desire some knowledge of home economics as part of a general education but who do not wish to specialize in this field. The other foods and clothing classes are planned for those who wish to take a well-rounded two-year course in general home economics or in either of its main divisions. The work of these classes is also arranged to fulfill the general requirements for the first two years for a degree in home economics at a university.

All classes are open to students who elect the required parallel and prerequisite courses. One to four semesters of work in home economics may be credited toward the general junior college diploma.

11; 12. Food Buying and Preparation. The course includes: study of the composition of food; problems in selection and purchase; illustrations of the fundamental principles of cookery by actual preparation of food; analysis of recipes and discussion of standard products; table service; consumer buying.

Home Economics 11 is a prerequisite for Home Economics 12.

Required collateral: Chemistry 11, 12.

Six hours a week, lecture and laboratory.

First semester, second semester.  

Credit, six semester hours.

13; 14. Elementary Clothing Construction. This course includes: fundamental principles of garment selection and construction; study and use of commercial patterns; their alteration and adaptation to particular
needs; principles of fitting; use and care of sewing machines; good taste in dress; care and repair of a wardrobe; study of fibers. The laboratory work includes two simple problems, one in cotton or linen followed by one in silk. Additional laboratory problems may be elected by students completing the required work.

Among the problems of the second semester are: application of the principles of color and design to the selection and purchase of the wardrobe; consumer education. One semi-tailored silk dress or suit and a summer evening dress in cotton or silk will be required as laboratory work. Additional laboratory problems may be elected by students completing the required work.

Home Economics 13 is a prerequisite for Home Economics 14.
Six hours a week, lecture and laboratory.
First semester, second semester. Credit, six semester hours.

15; 16. GENERAL COURSE IN COOKING AND SERVING. This course is planned for students not majoring in nutrition and foods but desiring a general knowledge in this field. Included are: selection and buying of foods; general cookery techniques and skills; meal planning and serving for family groups at various cost levels; table service for family meals and special occasions.

Home Economics 15 is a prerequisite for Home Economics 16.
Four hours a week, lecture and laboratory.
First semester, second semester. Credit, four semester hours.

17; 18. CLOTHING CONSTRUCTION AND SELECTION. This course is planned for students not majoring in textiles and clothing but desiring a general knowledge in this field. The following are considered: fundamental principles of garment selection and construction; study and use of commercial patterns, altered or adapted as necessary; principles of fitting; use and care of sewing machines; good taste in dress.

Home Economics 17 is a prerequisite for Home Economics 18.
Four hours a week, lecture and laboratory.
First semester, second semester. Credit, four semester hours.

19. FAMILY RELATIONS. This course involves first a brief history of marriage and the family. There follows a consideration of such matters as courtship and the early marital period, the coming of the child and his effect on the family, the implications and responsibilities of modern parenthood, and the foundations of family solidarity. The lectures, recitations and discussions will be supplemented with talks by authorities in various fields.

Three hours a week.
Second semester. Credit, three semester hours.

20. THE CHILD: HIS ORIGIN, DEVELOPMENT AND CARE. The first half of this course involves a study of what a woman should know concerning the phases of human reproduction, prenatal care, childbirth, biological development of the newly born, and problems of maternity and infancy.

The second half of the semester will be devoted to a consideration of care of the newly born; standards for normal growth and development; care of the pre-school child; the diseases and emergencies of childhood and their prevention, management and treatment.

From time to time specialists in their fields will be brought in to lecture on such subjects as dental care, child psychology and gynecology.

Three hours a week.
First semester. Credit, three semester hours.

21. NUTRITION. A study of the fundamentals of human nutrition; relation of food to health; the practical feeding problems of the individual. Calculation and preparation of prescribed diets.
Prerequisite: Home Economics 11; 12.
Six hours a week, lecture and laboratory.

PHYSICAL EDUCATION

MISS CAYCE MISS MORRISON, Director MRS. NEWERF
MISS DREW MISS LAMPKIN MRS. YOUNG

One or more courses in this department are a part of every curriculum at Ward-Belmont. This work is included free of charge to all students and is required for at least three hours a week every year. A physical examination is given at the time of entrance and a detailed record of the physical condition of each student is then kept on file. In the light of this information advice is given regarding the kind and amount of exercise suited to the needs of each individual student. No effort or expense has been spared in assembling complete equipment and a competent, enthusiastic staff.

WARD - BELMONT

The courses in dancing are of particular importance. In the first place, they are planned to give the student an intelligent appreciation of dancing as an art and dwell upon such aspects as interpretation, characterization and improvisation. In the second place, by means of practice of rhythmic exercise to musical accompaniment, they develop good posture and a natural coordination of movement that leads to grace and poise. All types of dancing are studied. Every student is entitled to one hour a week of class dancing throughout the year without extra charge. Five competitive scholarships in dancing, worth one hundred dollars each, are available.

1. 2. FRESHMAN PHYSICAL EDUCATION. This course is required of all freshman college students unless Physical Education 11, 12 or 19, 20 is taken. Specific requirements are: (1) instruction in swimming until the student is able to pass a proficiency test; and (2) a ten weeks' course in dancing. All other work is elective and is adapted to the needs of the individual student. During the fall and spring students elect outdoor sports; during the winter they choose from various indoor activities. Riding may be elected in place of other sports.

Three hours a week.
First semester, second semester. Credit, two semester hours.

3-A. SWIMMING. Instruction for beginners. Two hours a week.

3-B. SWIMMING. Elementary strokes and dives. For pupils who have learned to swim and wish instruction in perfecting form.

Two hours a week for ten weeks.

3-C. RED CROSS LIFE SAVING. The prescribed Red Cross course. Certificate and badge awarded upon successful examination.

Two hours a week for ten weeks.

11, 12. THEORY AND TECHNIQUE OF THE DANCE. Class instruction is given in the following:

A. Elementary ballet technique, character and other dances of medium difficulty.
B. Elementary technique of toe dancing and dances of medium difficulty.
C. Elementary tap.
D. Ballroom.
E. Plastique.
F. Fundamentals of the modern dance.
G. Limbering, stretching and corrective exercises.

In addition to the class work listed above, every candidate for a certificate or diploma receives one private lesson a week.

The lecture work covers an explanation of technical terms used in dancing and of musical terms, note values and tempos with reference to dance composition. During the second semester a survey is made of folk costume in relation to authentic dances of foreign countries.
Lecture, one hour a week; dancing, six hours a week.

First Semester, second semester. Credit, four semester hours.

Note: Students who do not wish to take the full course 11, 12, may elect one or more of the parts listed above.

15, 16. PERSONAL HYGIENE. Lecture course on the parts of the body and their care; the relationship of habits and environment to the health, efficiency, and well-being of the individual; lectures, readings and papers and audio-visual aids. Required of all second-year students and applicants for diplomas.

One hour a week.

First semester, second semester. Credit, one semester hour.

17, 18. SPORTS AND GYMNASTICS. This course is designed for pre-physical-education students and others who plan to specialize in any work in which a knowledge of sports and games is necessary. During the fall and spring, outdoor sports are practised for the development of skill. During the winter, instruction is given in indoor activities. One hour of dancing is required each week throughout the year.

SPEECH
MISS WINNIA, Director  MISS HOWARD

This department aims, first of all, to cultivate an appreciation for the beauties of speech, perhaps the greatest achievement and most abused possession of humanity. In addition to being our chief instrument of communication, it is one of the best revelations of our personality. None of our manners or habits is more conspicuous or expressive. Since it is such a complete reflection of our essential character, it is worthy of the most careful study.
Students are taught first to value and then to acquire such fundamental requisites of good speech as: a free and natural use of the voice; good diction and pronunciation; the ability to read aloud and to express their thoughts clearly; an appreciation of the speech of the theatre and the lecture platform; and the necessary posture and poise.

Series of individual speech recordings are made during the year so that students may hear their own voices objectively and note the development. Regular conferences are held to assist each student individually in overcoming any speech faults or difficulties.

Creative ability is carefully sought and encouraged.

11, 12. FUNDAMENTALS OF SPEECH. The purpose is to establish the fundamentals of general good speech and to give the student a foundation for advanced courses. Attention is given to the development of such speech skills as correct articulation, acceptable pronunciation, pleasing vocal quality, adequate vocal flexibility, smooth rhythm, effective projection of thought, poise and expressive posture. There is practical application of these in the presentation of different types of speeches, oral interpretation, and the acting of scenes and short plays.

Lecture, three hours a week; group practice, two hours.
First semester, second semester.
Credit, six semester hours.

13. ORAL INTERPRETATION OF LITERATURE. This course covers theory and practice of the various techniques and principles of the oral interpretation of literature. Program making and platform deportment are included. The aim is to stimulate creative imagination and to develop an individual style. Different types of literature are considered in the light of their suitability for presentation.

Prerequisite: Speech 11, 12 or its equivalent.
Lecture, three hours a week; supervised practice and individual criticism, two hours.
First semester.
Credit, three semester hours.

14. ACTING. Theory and practise in the art of acting. Special consideration is given to pantomime and characterization. The material covered includes scenes from Shakespeare and the more modern playwrights.

Lecture, one hour a week; laboratory, four hours.
Second semester.
Credit, three semester hours.

15 or 16. RADIO. Instruction is given in the principal phases of radio speaking and production. Included are training in speaking over a microphone, announcing, acting in radio plays, adapting plays for radio production, continuity writing, story telling, and program building. Sound effects are also studied. Each week a program is presented over a campus-wide broadcasting system.

Prerequisite: Speech 11, 12 or its equivalent.
Three hours a week.
First semester. Repeated second semester.

17, 18. VOICE AND DICTION. This is a practice course to develop poise while speaking. Attention is given to the development of rhythmic speech patterns, correct articulation, improvement of quality and flexibility of voice, and the overcoming of speech difficulties and self-consciousness. It is open to all students interested in the proper use of the speech mechanism and general proficiency in the use of spoken language.

Required of all candidates for the certificate or diploma.
One hour a week.
First semester, second semester.
No credit.

21. STAGE CRAFT. This is a beginning course in the visual elements of play production. After a brief survey of the development of the theatre, consideration is given to the theory and practice of stage designing. Preliminary sketches and working drawings are made. A model set is constructed. There is work in lighting, designing and making of costumes, and theory and practice in make-up. Practise is given in school productions.

Students enrolled in this course may make observation visits backstage and attend rehearsals and performances at the Nashville Community Playhouse, which is situated near the campus.

Lecture, three hours; laboratory, two hours.
First semester.
Credit, three semester hours.

22. PLAY PRODUCTION. Consideration is given to all of the essential arts involved in the production of dramatic forms. There is a study of the following: stage forms and their historical backgrounds; types of productions; the choice of a play; casting; rehearsals; directing; management; costuming; and make-up. Each student makes a special study of one play for production. This includes the making of a director's manuscript and a costume plate. The course is designed to arouse appreciation of the general art of the theatre and to prepare students both for work in such organizations as the Little Theatre groups and for advanced study in dramatics. Practise is required through the production of plays.

Students enrolled in this course may make observation visits backstage and attend rehearsals and performances at the Nashville Community Playhouse, which is situated near the campus.

Lecture, three hours; laboratory and rehearsals, two hours.
Second semester.
Credit, three semester hours.

REMEDIAL READING. This is a laboratory period in remedial reading that is offered for those students who are found to be handicapped in their general college work by slow and inaccurate reading. The number of hours will depend upon the needs of the individual student.
No credit.
The Preparatory School

Requirement for Admission.—Students who have completed the eighth grade will be admitted without examination to the first-year preparatory school class. It is necessary that the applicant present from the principal of the school from which she comes an official statement of her work.

Students who seek admission to any class beyond that of the first year must present upon application a transcript showing the official record of all high school work previously carried. If the school is not accredited, satisfactory examinations will be required.

Yearly Schedule.—A student's yearly schedule should consist of four subjects credited as one unit each. Under certain conditions, however, a minimum of three subjects and a maximum of five are allowed. In addition, physical education is required of all students each year. For a description of the courses in physical education see page 70.

Requirements for the Preparatory School Diploma.—The preparatory school diploma is awarded to students who have completed sixteen preparatory units, as described below, and the prescribed work in physical education. Of the required sixteen units at least four must be taken in Ward-Belmont. An average of at least C must be made during the last year.

A unit represents five periods a week for a year in a subject ordinarily taught in standard high schools. Periods at Ward-Belmont are of a minimum duration of fifty minutes.

No credit is given for fewer than two units of a foreign language taken in the preparatory school.

*For pupils not preparing for college entrance some other unit may take the place of geometry.

†Physics, when transferred from an accredited high school, will be accepted in place of biology or chemistry.
CREDIT ALLOWED IN SPECIAL SUBJECTS.—Units in the special subjects—art, expression, home economics, music—will be credited toward a high school certificate. **Art**—One unit represents five periods of supervised studio work a week. **Home Economics**—One unit in sewing represents five periods each week. **Music**—One unit of credit represents two lessons a week in piano, harp, organ, violin, or voice, accompanied by a course in theory of music or music appreciation. One hour’s daily practice is required. **Speech**—One unit represents five periods of prepared class work a week.

CLASSIFICATION.—The work completed by the beginning of a school year determines the class to which a student belongs. Four completed units give second-year classification. Eight completed units give third-year classification. Twelve completed units give fourth-year classification. If a student lacks not more than one of the required number of units, she will be given conditional classification.

REPORTS AND GRADING SYSTEM.—Reports are sent out from the office at the close of each school month and at the end of each semester. The monthly grade represents the average standing which the student has maintained, by daily recitations, written work and tests, during any month. The semester grade represents the combination of the semester examination and the average of monthly grades.

The system of grading is as follows:

- **A** Excellent
- **B** Good
- **C** Satisfactory
- **D** Passing
- **E** Condition
- **F** Failure

The school may not recommend for advanced high school or college work a student who does not make an average grade of **C** in each study.

**Description of Courses**

**ART**

MISS SHACKELFORD, Director  
MISS GORDON

The Conservatory of Music

HISTORY AND AIMS

Music was included as an important part of the curricula of Ward's Seminary and Belmont College. The Ward-Belmont Conservatory of Music was one of the first junior college members of the National Association of Schools of Music. It prepares music students in a thorough way to meet the exacting demands of the best senior colleges and music schools in America. It also offers to the academic student that musical culture which is an essential part of education. Emphasis is placed on superior performance and on a broad cultural and artistic background.

ADMISSION

Admission to the conservatory is based on graduation from an approved secondary school, with a minimum of fifteen acceptable units, or the equivalent of this requirement as shown by examination.

FACULTY

The conservatory has assembled a faculty of highly trained teachers. Each member has been chosen because of genuine musicianship, teaching ability, and personality. Most members have had extensive experience as concert artists. Folders that set forth in detail biographical and professional facts pertaining to the head of each department will be sent upon request.

EQUIPMENT

The equipment of the conservatory is excellent in every way. There are seventy-five practice pianos, ten Steinway grands for studio use, two Steinway grands for recitals and concerts, and one Duo-Art Steinway reproducing piano with more than two hundred rolls for class work. A large three manual organ and a smaller two manual organ are available to organ students. The library contains biographies, the more important works on the theory and practice of music, miniature scores and ensemble works. The library of recordings contains hundreds of records of all types of music. Two listenning rooms for students are equipped with reproducing machines and radios. The frequent use of a modern recording unit makes it possible for the students to hear their own performances objectively and thus to evaluate and improve their work.

The results of music talent tests, mental measurements, and teachers' rating blanks aid in the guidance program of the conservatory.

CONCERTS

In addition to the annual series of concerts given by world famous artists in the school auditorium (see page 14), student tickets are available to concerts and dramatic productions presented in Nashville. Students are presented in regular recitals. This is of great benefit to them because it enables them to secure confidence and control in performance before both small and large groups. Faculty recitals are given throughout the year.

SCHOLARSHIPS

Five scholarships, each of two hundred dollars value, are available to students regularly enrolled in the preparatory school, junior college, or conservatory. The granting of these awards will be based upon performance, musical promise, and definite financial need. Auditions, granted by appointment, are held usually at Ward-Belmont during June and July. An application blank for a scholarship audition will be sent upon request. The successful applicant in voice will receive the Grace Moore scholarship. The Jane Morley cup is awarded each spring to the conservatory student who has made the most outstanding record during the year. The name of the student is engraved on the cup, and it becomes the property of her club for the following year.

CURRICULUM

Students in the junior college may elect courses in the conservatory in applied music, theory, and history of music. Eighteen hours of credit in music may be applied toward the Junior College General Diploma in a senior college preparatory curriculum. Of these eighteen hours, not more than eight may be in applied music. More may be counted toward
this diploma in the Terminal Cultural Curriculum. Applied music must be accompanied by a course in theory or history of music if credit is to be given. Students in the conservatory, in turn, may register for courses in the junior college. In addition to the curricula outlined in the following pages, the conservatory offers more advanced work in certain applied subjects equivalent to that given in the four-year conservatories. Information may be had upon request.

EXPENSES

One inclusive charge is made to those regularly enrolled in any of the various conservatory courses. This charge covers every subject necessary to any one course and the use of practice room and instrument. Charges made to junior college and preparatory school students who wish to enroll for private lessons are shown on page 93.

ORGANIZATIONS

The conservatory encourages all students to participate in some form of ensemble music under faculty direction. Experience gained in these groups tends to produce a high grade of musicianship and to develop a permanent love of participation in group music.

ORCHESTRA.—The Symphony Orchestra is conducted by the head of the violin department. Students gain knowledge of orchestral repertoire and rehearsal routine. One semester hour of credit is given for regular attendance at weekly rehearsals and active interest in the organization.

GLEE CLUB.—The Glee Club is conducted by the head of the voice department. Its personnel is chosen from the large number of students who make application at the beginning of each school year. As many applicants as possible are admitted. The music studied by the group is chosen for its educational value and inherent beauty. The fundamentals of music and proper tone production are stressed. Members of the Glee Club receive one semester hour of credit.

CHOIR.—The Choir, a group of thirty selected voices chosen from the Glee Club, sings once a week at regular chapel service. It is under the direction of the head of the voice department. Carefully chosen hymns and anthems provide training in good church music. The valuable service rendered by the choir makes it one of the popular student organizations. The group makes occasional concert tours. One semester hour of credit is given.

Numerous small ensembles for string, voice and wood-wind students are under faculty direction.

REGULATIONS

Before the close of each semester each student enrolled for credit in applied music must take an examination before a committee composed of the faculty members from the division concerned. To such a committee may be added the dean of the conservatory and members of other departments. The student must bring her term repertoire card to the examination. Upon the basis of work shown on the card and the quality of performance, the committee will pass or condition the student for the next semester's work.

All music students are required to attend recitals which are under the direction of the conservatory. Attendance is a matter of their school record. It is suggested that the student keep the programs in a notebook with her comments on the music performed. These notebooks may be called in for examination.

Lessons missed by reason of the student's negligence will not be made up except at the discretion of the teacher; those missed by the teacher will be made up. Lessons are of thirty minutes' duration, and the applied music term is for thirty-two weeks.

Practice requirements listed are in each case the minimum amount. Credit is jeopardized by absence from practice or lessons.

Music students should consult the dean of the conservatory and their teachers before arranging for any public performance.

Students who show by examination that they can meet the piano or sight-playing requirements of their department may substitute another subject.

Practice rooms are assigned by the practice supervisor.
WARD-BELMONT

CREDIT IN APPLIED MUSIC

Credit is given in applied music only when taken in conjunction with music theory or history of music. It is reckoned on the following yearly basis:

One thirty minute lesson a week ........................................ One semester hour
Two thirty minute lessons a week ................................ Two semester hours
Each three hours of practise a week ................................ One semester hour

DIPLOMAS AND CERTIFICATES

The two-year courses listed on the following pages lead to a diploma in music and meet the requirements of the first two years of the Bachelor of Music degree. They are in accordance with the published regulations of the National Association of Schools of Music, of which Ward-Belmont Conservatory is a junior college member.

The certificate in music is granted upon the satisfactory completion of the first-year requirements. Certificate requirements may be spread over two years.

Under no circumstances may a student earn a junior college diploma and a music diploma in less than three years.

Candidates for certificates and diplomas must earn the total number of quality credits equal to the required number of semester hours.*

Candidates for the certificate must appear in public performance at least three times; candidates for the diploma must appear in public performance at least six times.

PIANO

The conservatory believes that thorough and broad musicianship can be gained most quickly and normally through the study of the piano. To that end the study of piano is required as a major or minor subject of all who seek a certificate or diploma. The teachers in this department are not limited to one method or set of principles. They use the best methods of the great teachers and pianists.

ENTRANCE REQUIREMENTS

To enter the two-year course in piano, the student should be grounded in correct touch and reliable technique. She should play all major and minor scales correctly in moderately rapid tempo. She should have studied material equivalent in difficulty to the following: Czerny, Op. 299, Heller 47 and 46 (according to the needs of the student), easier Bach two-part inventions, easier Mozart or Haydn sonatas, and pieces of similar difficulty. Systematic methods of practice should have been acquired.

TECHNIQUE.—Major and minor scales, both hands in parallel motion through four octaves (speed, 4 notes to M. M. 100); in thirds, sixths and tenths (speed, 4 notes to M. M. 104).

Chords: major and minor triads, with added octaves; dominant and diminished seventh chords.

Arpeggios on major and minor triads, dominant and diminished seventh chords in all positions (speed, 4 notes to M. M. 100).
WARD-BELMONT

Octaves: diatonic and chromatic scales (speed, 4 notes to M. M. 72); major and minor arpeggios.

REPERTOIRE—Minimum requirements: two complete sonatas; two preludes and fugues from "The Well-Tempered Clavichord"; six studies, selected according to the needs of the student from such works as Czerny, Op. 749; Moscheles, Op. 70; Jensen, Op. 32; MacDowell, Op. 39; Haberblit, Études Poésies; Preyer, Op. 30 and Op. 45. Selections from classic and modern composers. These are in addition to first-year requirements.

EXAMINATION.—
1. Technique.—As stated above.
2. Memorized Repertoire.—One complete sonata; one prelude and fugue from Bach's "Well-Tempered Clavichord"; four rather difficult selections from classic and modern composers. In addition, the candidate must play a composition selected by the teacher and prepared without assistance.

VIOLIN

Violin instruction is offered to students at all stages of advancement. This instruction is eclectic in nature, with special emphasis placed upon adequate technical preparation, development of a singing tone and a flexible style. A basic knowledge of viola is required of all post-graduate students. Participation throughout the year in chamber music ensembles (trio, string quartet, and string orchestra) is encouraged. All ensemble work is under the supervision of the director of the department.

ENTRANCE REQUIREMENTS

To enter the two-year course in violin the student should have an elementary knowledge of the piano. In violin she should have the ability to perform satisfactorily Kayser Studies, Book 3, or the less difficult etudes of Kreutzer, a fundamental knowledge of scales and positions, and repertoire of the grade of the Viotti Concerto No. 23 and the Accolay concerto in A minor.

ADDITIONAL REQUIREMENTS—FIRST YEAR

TECHNIQUE.—Scales and arpeggios; major and minor (speed, 4 notes to M. M. 72). From G through C, three octaves.

Etudes of Kreutzer, with such supplementary studies as those of Sevcik, Sitt and Schradieck to develop command of the fingerboard and accuracy of bowing.

REPERTOIRE.—A major movement of a concerto (Rode, No. 7, Kreutzer, No. 14, DeBeriot, Nos. 7-9, Vivaldi-Natchez, A minor, or similar works); six concert numbers of like grade, including the main movement of a classic sonata.

PIANO.—Simple solo numbers and the easier sonatas of Mozart or Haydn.

EXAMINATION.—
1. Technique.—As stated above. All diatonic scales to be played at a minimum speed of 4 notes to M. M. 66.
2. Memorized Repertoire.—One principal movement of a classic concerto; principal movement of a sonata; four concert pieces, representing classic and modern schools.

ADDITIONAL REQUIREMENTS—SECOND YEAR

TECHNIQUE.—Scales: diatonic, major and minor (speed, 4 notes to M. M. 100); arpeggios, three octaves, M. M. 100; thirds and octaves, all keys, two octaves.

Etudes and caprices: Kreutzer, Florillo, Rode. Supplementary studies of Sevcik, Sitt, Schradieck, and other composers.

REPERTOIRE.—One complete concerto such as Viotti, No. 22, Rode, No. 6; Vieuxtemps, No. 4; Mozart, No. 4. Sonatas of Handel, Tartini (G Minor), Corelli, and comparable works. Six concert pieces of similar grade of difficulty.

The candidate must prepare without assistance a principal movement of a sonata selected by the instructor.

PIANO.—Mozart and Haydn sonatas and the easier numbers from Bach's Little Preludes and Fugues or Two-Part Inventions.

EXAMINATION.—
1. Technique.—All scales memorized, as outlined above, four selections from required etudes and caprices.
2. Repertoire.—One complete concerto (two movements memorized). One complete sonata (two movements by memory). Four compositions of recital grade, memorized. Two movements of a sonata, prepared without assistance.

VOICE

The aim of the voice department is to train talented vocalists in the art of singing. It also provides a means of artistic expression for those
who desire to become proficient amateurs or participants in group activities. Whatever the ambition of the student may be, she is given skillful training in the best traditions of the vocal art.

**Entrance Requirements**

To enter the two-year course in voice the student should be able to sing on pitch, with correct phrasing and musical intelligence, standard songs in English. The simpler classics are recommended. She should also possess a knowledge of the rudiments of music and be able to read a simple song at sight. Some knowledge of piano is strongly recommended.

**Additional Requirements—First Year**

**Technique.**—Correct breathing, carriage, pronunciation, enunciation, resonance. Scales and arpeggios in moderate tempo, stressing smoothness and evenness rather than speed. Legato and staccato. Correct vowel focus and tone production.

**Vocalises.**—Six vocalises, to be chosen from the easier works of Vacek, Corcoran, and the collections of Marzo and Spicker.

**Repertoire.**—At least ten songs, memorized, from the various schools; easier numbers from the old Italian arias and songs; songs of Franz and Schubert, in German; others of same grade in English and French. Folk songs.

**Piano.**—Simple solo numbers and Kuhlau Sonatinas.

**Examination.**

1. **Technique.**—As stated above.
2. **Unmemorized.**—The six vocalises offered.
3. **Memorized Repertoire.**—One of the easier operatic arias and one of the easier oratorio arias. Eight songs must be offered, six of which may be in English with others in at least two foreign languages. Candidates must prepare one number unscored.

**ADDITIONAL REQUIREMENTS—SECOND YEAR**

**Vocalises.**—Four numbers, illustrating different kinds of singing and of a fairly advanced nature, such as selections from the later volumes of Spicker’s “Masterpieces of Vocalization,” or Marzo’s “The Art of Vocalization.”

**Repertoire.**—At least ten songs (memorized) of a sufficiently advanced nature to represent two years of continuous study. Among the recommended are songs and arias from Bach, Handel and Mozart; lieder by Schubert, Schumann and Brahms; modern French songs; two operatic and two oratorio arias; a well-selected list of songs in English.

**Piano.**—Easy solo numbers, smaller Bach pieces, easier Mozart sonatas, accompanying.

**Examination.**

1. **Technique.**—As stated above.
2. **Unmemorized.**—The vocalises offered.
3. **Memorized Repertoire.**—Representative numbers from each group listed above under “Repertoire.” Two of these numbers must be prepared by the student without assistance.

**Organ**

This department, in its certificate and diploma courses, aims to develop both soloists and capable church organists. Many former students are holding responsible positions as directors of church music in their communities.

**Entrance Requirements**

To enter the two-year course in organ, the student should have completed sufficient piano study to enable her to play some Bach Two-Part Inventions, Mozart sonatas, compositions by such composers as Grieg, Schubert, and Mendelssohn.

Description of Courses

11: 14. THEORY, EAR TRAINING AND HARMONY. A course correlating the study of the various elements of music through training of the ear, eye and mind. Each topic studied will be accompanied by training in the fields generally separated under the headings of "sight singing," "dictation," and "keyboard work." Topics treated: rhythmic forms, scale formation, intervals; chord progressions employing triads and their inversions, seventh and ninth chords; harmonization, in four voices, of melodies and of figured and unfigured basses.

Prerequisite: Students must demonstrate by test a knowledge of notation, terminology and the fundamentals of music form. For those failing to meet these requirements, a special class will be formed. Music 11 is a prerequisite for Music 14.

Six hours a week.
First semester, second semester. Credit, ten semester hours.*

15: 16. HISTORY OF MUSIC. A general survey of the development of music from the earliest times to the present day. Music prior to the seventeenth century is studied as background for a fuller consideration of the epoch of instrumental polyphony, the Classic and Romantic periods, and the Modern Era. Text, reference reading, lectures, critical and creative listening to many illustrations on the phonograph and Duo-Art reproducing piano.

Music 15 is a prerequisite for Music 16.

Three hours a week.
First semester, second semester. Credit, six semester hours.

17: 18. PUBLIC SCHOOL MUSIC METHODS. A course dealing with generally accepted teaching methods in grade and high schools. It includes a survey of school music material and training in presenting and conducting this material.

Two hours a week.
First semester, second semester. Credit, four semester hours.

21; 24. ADVANCED THEORY, EAR TRAINING AND HARMONY. A continuation of the work of Music 11; 14 that includes ear training, sight singing, dictation and harmonization based on further study of chord material. Topics treated: non-chord tones, chromatic tones, modulation, complex rhythmic patterns, harmonic analysis and original composition; keyboard work.

Prerequisite: Music 11; 14. Music 21 is a prerequisite for Music 24.

Six hours a week.
First semester, second semester. Credit, ten semester hours.*

*Note—Ear Training and sight reading, two hours per semester: harmony and keyboard work, three hours per semester.
29; 30. COUNTERPOINT AND COMPOSITION. Private instruction is offered to those who are qualified. Prerequisite: at least two years of harmony and one year of ear training.

Two half-hour lessons a week. Credit, two semester hours.

SIGHT PLAYING, FIRST YEAR.—Supervised work in playing at sight, with emphasis on notation, melodic, harmonic, and rhythmic analysis. Completion of this course requires ability to read at sight either part of moderately difficult duets, hymns, easy accompaniments for either violin or voice, Clementi and Kuhlau sonatas and pieces of like difficulty.

One hour a week.

First semester, second semester. Credit, one semester hour.

SIGHT PLAYING, SECOND YEAR.—Continuation of first-year sight playing, with more emphasis placed on musical form, expression, phrasing, and touch. Completion of this course requires ability to read at sight compositions for two pianos, Beethoven symphonies in duet form, easier Haydn and Mozart sonatas and pieces of like difficulty. Accompaniments.

One hour a week.

First semester, second semester. Credit, one semester hour.

PIANO REPERTOIRE CLASS.—Piano music is discussed from the standpoint of touch, phrasing, pedaling, tonal and interpretative effects. Students are given the opportunity of performing. This class, meeting one hour a week, is required of all applicants for the certificate or diploma in piano. There is no charge.

One hour a week.

First semester, second semester. Credit, one semester hour.

General Statements

RELATIONS WITH PARENTS AND STUDENTS

Parents or guardians who register students thereby accept the conditions in this catalog.

Each student before the opening of school receives a copy of the Blue Book. This contains the general regulations pertaining to the social and academic life of the school. Compliance with these constitutes an obligation of citizenship in the group and a condition of the contract of agreement.

Except when they are in the Nashville homes of near relatives, students from a distance are required to board in the school.

Boarding students are under school regulations when in Nashville except as stated in the Blue Book.

Boarding students are not allowed to visit friends or relatives in the city except with the approval of parents and the student counselor. Permission is not granted to spend the night in the city except with parents or in the homes of near relatives.

All permissions of parents or guardians should be written and addressed to the student counselor and are subject to her approval.

Boarding students are not permitted to open charge accounts with Nashville merchants except on written request filed by the parent or guardian with the student counselor.

Parents are requested not to permit their daughters to bring to the school expensive jewelry or valuable articles of any kind. Neither should they bring expensive wearing apparel. The school is not responsible for the loss of such articles.

The school bank, with its system of pass books, deposit slips, checks, and monthly balance reports, not only aids the students in caring for their spending money, but teaches them how to keep a bank account, draw checks, and conduct their own financial affairs. The school is not responsible for money or valuables not deposited in the school bank.

Ward-Belmont does not lend money to students. Drafts made by students are honored only in cases of emergency or upon written request from parents or guardians.

Students should bring sufficient funds with them to care for buying books and other school supplies. This money should be deposited in the student bank until needed. No charge purchases are permitted in the bookroom.

Adequate compensation must be made for any injury to school property.

Prompt and regular attendance is required at classes, meals, and all general assemblies. Parents and guardians are expected to cooperate with the school in securing full and regular attendance. All students
have obligations until the end of the session. Those who leave early or who do not keep appointments throughout the closing days will jeopardize their credits.

Students who are too ill to meet school appointments are cared for in the infirmary and not in their rooms.

School work missed because of absence must be made up to the teacher's satisfaction; otherwise credit can not be given for the course. Ordinarily a tutor can be provided at $1.00 to $1.50 per hour. Examinations not taken at the appointed time must be taken later. For this a charge of $2.00 is made.

A tutor is provided at moderate cost for students who, in the opinion of their instructors and of the dean, need coaching.

The school reserves the right to withdraw any class for which there are not as many as six applicants.

Any student who leaves the campus without permission, or who attends a dance in Nashville except under school chaperonage, or who cheats in examination renders herself liable to summary dismissal.

To be entitled to a transcript or statement of credits a student must meet satisfactorily every financial obligation to the school.

A student who is found to be out of sympathy with the spirit and the ideals of the school, or who is continually delinquent in scholarship, may be asked to withdraw even though she may not have broken any formal rules.

**Charges and Terms**

**1944-1945**

**Expenses at Ward-Belmont, Nashville, Tennessee**

The school year consists of one term of thirty-four weeks, beginning and ending as indicated on the school calendar. The charges here named are for the whole school year, and are due and payable on the opening day of school, but, for the convenience of patrons payment may be made in two installments—in September and January, respectively, as stipulated below—and are subject to sight draft after these dates.

An advance registration fee of $25.00 must be forwarded with the application, which amount will be credited as a prepayment on the school account. It is not subject to return, unless the applicant is rejected.

Students enter for the entire school year or such part of school year unexpired at time of entrance. No reduction will be made for time lost during the first four or last six weeks of the school term.

Since contracts with instructors and others are made by the school for the entire school year in advance, no reductions will be made on account of dismissal, withdrawal or other absence, except in cases of protracted illness of the student. The school will then share equally with the patron the board and miscellaneous expense on the basis of $25.00 per week, except that no allowance will be made on the first four weeks of such enforced absences.

Two students coming from the same home (sisters) will be allowed a reduction of $150.00 on the joint account; provided, however, that both remain in the school for the entire year and that all charges are paid when due.

Teachers and ministers in active work of their professions and the personnel of the Armed Forces of the United States will be allowed a professional discount of $100.00 on the charges of the regular course.
