

Dear Miss Pauline:-

I missed your letter yesterday but hope to get it tomorrow.

I "caught a cold" a few days ago and have been miserable all day. Did not go out - only to the Y.M.C.A. this afternoon. I felt that I ought to go down to that meeting.

I visited the dispensary while there and hope to be ready for work in the morning.

I have not my work box for Mr. McSannou in the morning and I am sorry to - but cannot help it.

He has been giving me a "blue mess" and I do not want to miss it.

I have enjoyed sitting by the fire today but wish I had some one to talk to during that time.

Pardon this short note and I will write to you when I see clearer.
